Learning Objectives

Immunization Update (0.2 CEU)

1. Evaluate the most current Centers for Disease Control and Prevention (CDC) and Advisory Committee on Immunization Practices (ACIP) immunization recommendations.
2. Review the 2013 – 2014 influenza seasonal vaccination recommendations and schedule as well as the 2013 adolescent and adult vaccination schedule.
3. Identify the updates made to the current vaccination schedule for 2013.
4. Compare the new vaccines that have been developed and approved in the past 3 years.
5. Develop appropriate vaccination recommendations given a patient case based on age or disease state in accordance with the current vaccination schedule and recommendations.

Statements of credit will be mailed or emailed within 30 days of activity completion, at that time NABP will also be notified of your completion so that your CE records may be viewed online in MyCPE Monitor.

Register online www.regonline.com/nvimmunize13

Participants may not register on site on the day of the activity and seating is limited.

Registration for this activity will close on Friday, August 30, 2013. A confirmation will be sent via email following electronic registration.

Target audience: This activity is designed to meet the 2 hours of continuing education per year required for pharmacists administering immunizations in Nevada. All pharmacists interested in updating their knowledge on immunizations are encouraged to attend. This activity is not open to pharmacy technicians.

For information about future CE activities, please feel free to contact us.
