NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

NOTICE OF INTENDED ACTION
AND ACCUSATION

VICTOR A. BERAJA, RPH.
Certificate of Registration No. 12967

Case No. 09-099-RPH-S

VICTORY PHARMACY
Certificate of Registration No. PH02108
Respondents.

Case No. 09-099-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and make the following that will serve as both a Notice of Intended Action under Nevada Revised Statutes (NRS) 233B.127(3) and as an Accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Victor A. Beraja is a registered pharmacist with the Board and Victory Pharmacy, located at 4161 South Eastern Avenue #A-3, in Las Vegas, Nevada, is a registered pharmacy with the Board.

II.

On or about October 21, 2009, the Nevada State Board of Pharmacy received a complaint from Dr. Phil Chen, DO. In Dr. Chen’s complaint he alleged that Victory Pharmacy early refilled his patient, Patient P’s prescription for Lortab 10/500 without his authorization.

III.

During the investigation of this matter it was learned that Patient P appeared at Victory Pharmacy on October 6, 2009 as Mr. Beraja was arriving for work.
Patient P indicated that she had just been released from the hospital, showing Mr. Beraja her hospital wrist band, and indicated that she needed to get her prescription for Lortab refilled. She advised Mr. Beraja that Walgreens, who usually fills her prescriptions, did not believe that she was ill and refused to refill the prescription for Lortab that she had there, because it was too early. Patient P was throwing up in Mr. Beraja’s pharmacy waiting room during this time and Mr. Beraja concluded that Patient P was indeed ill. Mr. Beraja called Walgreens and had Patient P’s prescription for Lortab transferred to Victory Pharmacy. The prescription was originally filled at Walgreens on September 16, 2009. Mr. Beraja did not contact Dr. Chen to obtain authorization to refill Patient P’s prescription, even though the prescription should not have been refilled until October 16, 2009. Mr. Beraja indicated in a written statement that he used his professional judgment in filling the prescription early as he was convinced that Patient P was genuinely ill.

FIRST CAUSE OF ACTION

IV.

In refilling Patient P’s prescription for Lortab 10/500 early without her physician’s authorization, Mr. Beraja violated Nevada Revised Statutes (NRS) 210(1), and/or (4) and/or 639.2394 and/or 639.2396 and/or Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i).

SECOND CAUSE OF ACTION

V.

In owning and operating the pharmacy in which the prescription for Lortab 10/500 was refilled and dispensed to Patient P early and without her physician’s authorization, Victory Pharmacy violated NRS 639.210(4) and/or NAC 639.945(1)(d) and/or (i).
WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 13th day of March, 2011.

Larry L. Pinson, Executive Secretary Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements regarding your certificate of registration. To do so, you must mail to the Board within (10) days of your receipt of this Notice of Intended Action and Accusation a written statement showing your compliance.

   Respondent.                                    RIGHT TO HEARING

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

I.

Pursuant to the authority and jurisdiction conferred upon the Nevada State Board
of Pharmacy by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B, a
Notice of Intended Action and Accusation has been filed with the board by the
Petitioner, Larry L. Pinson, Executive Secretary for the board, alleging grounds for
imposition of disciplinary action by the board against you, as is more fully explained and
set forth in the Notice of Intended Action and Accusation served herewith and hereby
incorporated reference herein.

II.

You have the right to a hearing before the Nevada State Board of Pharmacy to
answer the Notice of Intended Action and Accusation and present evidence and
argument on all issues involved, either personally or through counsel. Should you
desire a hearing, it is required that you complete two copies of the Answer and Notice

COME NOW VICTOR A BERAJA, Certificate of Registration #12967, and VICTORY PHARMACY, Certificate of Registration # PH02108 and hereby declare as follows:

1. That a hearing on the Notice of Intended Action and Accusation is requested.

2. That as to the First Cause of Action, Respondent VICTOR A. BERAJA does not deny refilling Patient P’s prescription for Lortab 10/500 early without her physician’s authorization, and did so in the best interest of the patient. Therefore, Mr. BERAJA believes he committed no crime against public interest, he is of good moral character, and did not act unprofessionally. Furthermore, while Mr. BERAJA admits the early refill, a single action is not evidence that he is incompetent, unskillful or negligent.

3. Respondent Mr. BERAJA asks that the Board consider mitigating circumstances in the penalty phase of the hearing since this is the first offense in fifteen years of practicing pharmacy in the State of Nevada, and will not make the same mistake again.

4. That as to the Second Cause of Action, Victory Pharmacy denies that it failed to own and operate a pharmacy wherein a pharmacist refilled early a prescription for Lortab 10/500 without physician’s authorization and as a result violated NRS 639.210(4) and/or NAC 639.945(1)(d) and/or (i). Victory Pharmacy had policies and procedures against this type of incidents that strictly adhered to Nevada Pharmacy Laws and Regulations. Victory Pharmacy was not at fault on a single action carried by the pharmacist on duty at the time of the events.
5. Victory Pharmacy does not deny owning the facility in which the event took place or having responsibility for training and supervision for the pharmacist who refilled early a Lortab 10/500 prescription without physician’s authorization. Victory Pharmacy asserts it was not negligent, incompetent or unprofessional, and did not conduct contrary to the public interest by a single action of one of its employees.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of
the Nevada State Board of Pharmacy, and make the following that will serve as both a
Notice of Intended Action under Nevada Revised Statutes (NRS) 233B.127(3) and as an
Accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because
Respondent Victor A. Beraja is a registered pharmacist with the Board and Victory
Pharmacy, located at 4161 South Eastern Avenue #A-3, in Las Vegas, Nevada, is a
registered pharmacy with the Board.

II.

On or about October 21, 2009, the Nevada State Board of Pharmacy received a
complaint from Dr. Phil Chen, DO. In Dr. Chen’s complaint he alleged that Victory
Pharmacy early refilled his patient, Patient P’s prescription for Lortab 10/500 without his
authorization.

III.

During the investigation of this matter it was learned that Patient P appeared at
Victory Pharmacy on October 6, 2009 as Mr. Beraja was arriving for work.

-1-
Patient P indicated that she had just been released from the hospital, showing Mr. Beraja her hospital wrist band, and indicated that she needed to get her prescription for Lortab refilled. She advised Mr. Beraja that Walgreens, who usually fills her prescriptions, did not believe that she was ill and refused to refill the prescription for Lortab that she had there, because it was too early. Patient P was throwing up in Mr. Beraja’s pharmacy waiting room during this time and Mr. Beraja concluded that Patient P was indeed ill. Mr. Beraja called Walgreens and had Patient P’s prescription for Lortab transferred to Victory Pharmacy. The prescription was originally filled at Walgreens on September 16, 2009. Mr. Beraja did not contact Dr. Chen to obtain authorization to refill Patient P’s prescription, even though the prescription should not have been refilled until October 16, 2009. Mr. Beraja indicated in a written statement that he used his professional judgment in filling the prescription early as he was convinced that Patient P was genuinely ill.

**FIRST CAUSE OF ACTION**

IV.

In refilling Patient P’s prescription for Lortab 10/500 early without her physician’s authorization, Mr. Beraja violated Nevada Revised Statutes (NRS) 210(1), and/or (4) and/or 639.2394 and/or 639.2396 and/or Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i).

**SECOND CAUSE OF ACTION**

V.

In owning and operating the pharmacy in which the prescription for Lortab 10/500 was refilled and dispensed to Patient P early and without her physician’s authorization, Victory Pharmacy violated NRS 639.210(4) and/or NAC 639.945(1)(d) and/or (i).
WHEREFORE, it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Case No. 10-020-RPH-S

Case No. 10-020-PH-S

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Joel Forman is a pharmacist licensed by the Board and CVS/pharmacy #8812 (CVS #8812) is a pharmacy licensed by the Board, located at 9100 West Sahara Avenue in Las Vegas, Nevada.

II.

On or about November 10, 2009 Deanne Davies went to CVS #8812 to pick up her prescriptions for Trazodone and Lorazepam that she had called in. Ms. Davies was given three prescriptions that evening, she signed for them and left the pharmacy. Besides the Trazodone and Lorazepam, Ms. Davies was also given a prescription for Tramadol with her name and her doctor's name on the label. Ms. Davies took the medication she was given home and began taking the medication as directed. Ms. Davies took the Tramadol for seventeen days before she began having adverse side
affects, which included stomach cramps, dizzy spells and loss of control of her bladder and bowels. Ms. Davies called the pharmacy, spoke with Mr. Forman who checked her prescriptions, discovered the error and advised Ms. Davies to discontinue taking the Tramadol, return it to the pharmacy and he would exchange it for the correct Trazadone.

III.

During the investigation of this matter it was learned that Joel Forman was the pharmacist responsible for filling the Trazadone 50 mg. prescription. Mr. Forman recalled that the Trazadone prescription was called in by Vickie at Dr. Gary DeShazo’s office. When the prescription was entered into the computer it was entered as Tramadol 50 mg. tablets with directions to take one tablet by mouth every day. Mr. Forman contacted Dr. DeShazo’s office and advised them of the error. Dr. DeShazo indicated that he had never prescribed Tramadol for Ms. Davies. Dr. DeShazo prescribed two other medications to counteract the severe adverse reactions Ms. Davies was experiencing.

IV.

Ultimately, Ms. Davies had surgery to have her gallbladder removed which she alleges is a direct result of this medication error. Dr. DeShazo provided Board staff with Ms. Davies progress notes regarding the surgery where the medication error was noted.

FIRST CAUSE OF ACTION

V.

In failing to strictly follow the instructions of Ms. Davies’ physician by filling her prescription for Trazadone 50 mg. tablets with Tramadol 50 mg. tablets, Mr. Forman violated Nevada Revised Statutes (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945(1)(d) and/or (i).
SECOND CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which Mr. Forman failed to notice that he filled Ms. Davies prescription with the wrong medication, namely Tramadol 50 mg. tablets rather than the prescribed Trazadone 50 mg. tablets, CVS/pharmacy #8812 violated NRS 639.210(4) and or NAC 639.945(1)(d) and/or (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

TO THE NEVADA STATE BOARD OF PHARMACY:

PLEASE TAKE NOTICE THAT, pursuant to Nevada Revised Statutes ("NRS") 639.241 
et seq., and NRS 233B.121 et seq., Respondent CVS Pharmacy #8812 ("CVS"), by and through 
its counsel, hereby moves to dismiss the Second alleged Cause of Action against CVS in Case 
No. 10-020-PH-S in the Notice of Intended Action and Accusation, filed on December 8, 2010, 
(“Accusation”) for failure to state a claim and for lack of jurisdiction. CVS requests that its 
motion to dismiss be heard at the April 13, 2011, Board meeting prior to the disciplinary hearing 
on the Accusation.

CVS seeks dismissal upon the following grounds: (a) the Accusation does not allege any 
facts indicating that CVS took any actions or made any omissions; (b) the Board lacks 
jurisdiction and/or authority under NAC 639.945 to impose strict or vicarious liability against 
CVS solely based upon the actions of a pharmacist.
This motion is based on the accompanying memorandum of points and authorities, the pleadings, documents, and files of record for the Board in this case, and on such evidence and argument as may be presented at the time of the hearings on this matter.

Respectfully submitted this 4th day of February, 2011.

Nevada Bar No. 2180

Nevada Bar No. 11673

MEMORANDUM OF POINTS AND AUTHORITIES

The Nevada State Board of Pharmacy ("Board") filed a Notice of Intended Action and Accusation on December 8, 2010, ("Accusation") against CVS Pharmacy #8812 ("CVS"), Case No. 10-020-PH-S, and against Joel Forman, RPH, Case No. 10-020-RPH-S.

The Board seeks to impose penalties and sanctions on CVS for alleged violations of NRS Chapter 639 and NAC Chapter 639. However, the Board has not alleged that CVS took, or failed to take, any actions which are in violation of any specified provision of NRS Chapter 639, or which caused the misfilling of the prescription. Instead, the Accusation merely asserts that CVS "violated NRS 639.210(4) and or NAC 639.945(1)(d) and/or (i) and (2)" by "owning and operating the pharmacy in which" the violations occurred. Since it is literally and legally impossible for a properly licensed entity to "violate" any provision of NRS Chapter 639 or NAC Chapter 639 merely by "owning and operating" a pharmacy, the Board is attempting to discipline CVS solely on vicarious and/or strict liability.

CVS asserts that: (a) the Accusation fails to allege facts sufficient to state a claim in the Second Cause of Action for a violation by CVS of NRS 639.210(4) or NAC 639.945(1)(d) and (i); and (b) the Board has no jurisdiction or authority under NAC 639.945(2) to impose discipline upon CVS based solely on the improper acts of the pharmacist.

I. FACTUAL AND PROCEDURAL HISTORY

For purposes of this Motion to Dismiss, the facts are limited to those asserted by the Board in the Accusation. Specifically, that:

"On or about November 10, 2009 Deanne [Davis] went to CVS #8812 to pick up her prescriptions for Trazodone and Lorazepam that she had called in." Accusation, ¶ II. When Ms. Davis picked up her prescriptions, she was given a "prescription for Tramadol with her name and
the doctor’s name on the label.” Id. After taking the Tramadol for seventeen days, Ms. Davis “began having adverse side affects [sic], which included stomach cramps, dizzy spells and loss of control of her bladder and bowels.” Id. “Ms. [Davis] called the pharmacy, spoke with Mr. Forman who checked her prescriptions, discovered the error and advised Ms. [Davis] to discontinue taking the Tramadol, return it to the pharmacy . . . [to] exchange it for the correct Trazadone.” Id. “[T]o counteract the severe adverse reactions Ms. [Davis] was experiencing,” Dr. DeShazo “prescribed two other medications.” Id. ¶ III. Mr. Forman “was the pharmacist responsible for filling the Trazadone 50 mg. prescription,” and he “recalled that the Trazadone prescription was called in by Vickie at Dr. Gary DeShazo’s office.” Id. “When the prescription was entered into the computer it was entered as Tramadol 50 mg. tablets with directions to take one tablet by mouth every day.” Id. Ms. Davis “alleges [that as] a direct result of this medication error,” her gallbladder had to be removed.” Id. ¶ IV.

II. DISCUSSION

While considering CVS’s motion to dismiss for failure to state a claim, the Board may view “all factual allegations [in the Accusation] . . . as true and draw all inferences in [the Board’s] favor. [The Accusation] . . . should be dismissed only if it appears beyond a doubt that . . . [the Board] could prove no set of facts, which, if true, would entitle it to relief.” Buzz Stew, LLC v. City of N. Las Vegas, 124 Nev. ___, ___, 181 P.3d 670, 672 (2008). “Dismissal is proper where the allegations are insufficient to establish the elements of a claim for relief.” Stockmeier v. State, Dep’t of Corrections, 124 Nev. ___, ___, 183 P.3d 133, 135 (2008) (internal quotations omitted).
A. The Second Cause of Action fails to meet the pleading requirements of NRS 639.241(2), or the basic requirements of due process, because no allegations in the Accusation support a claim against CVS under NRS 639.210(4) and/or NAC 639.945(1)(d) and (i).

NRS 639.210(4) provides that the Board may suspend or revoke a certificate, license, registration or permit when the holder of the certificate, license, registration or permit “[i]s guilty of unprofessional conduct or conduct contrary to the public interest.” NAC 639.945(1)(d) specifies that “unprofessional conduct and conduct contrary to the public interest” includes “failing strictly to follow the instructions of the person . . . making . . . a prescription . . . as to its filling or refilling, [or] the content of the label of the prescription.” Additionally, NAC 639.945(1)(i) states that a license holder commits unprofessional conduct by “[p]erforming any of his duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.” Thus, it is clear that for a violation of NRS 639.210(4) and NAC 639.945(1)(d) and (i) to exist, a license holder must have taken some action, or must have failed to act when action was required.

NRS 639.241(2) requires that an Accusation provide basic information about the manner in which respondent has violated Nevada statutes or regulations:

“The accusation is a written statement of the charges alleged and must set forth in ordinary and concise language the acts or omissions with which the respondent is charged to the end that the respondent will be able to prepare a defense. The accusation must specify the statutes and regulations which the respondent is alleged to have violated, but must not consist merely of charges phrased in language of the statute or regulation.”

Emphasis added.

Rather than providing the statutorily required specificity, the Second Cause of Action merely asserts that CVS “violated NRS 639.210(4) and or NAC 639.945(1)(d) and/or (i) and
(2),” by “owning and operating the pharmacy in which” the violations occurred. Accusation, ¶ VII. Indeed, the Accusation contains no allegations that CVS took any actions, or made any omissions, which caused, or even contributed to, Mr. Forman’s failure to follow instructions and the misfilling of Ms. Davis’s prescription. The requirement in NRS 639.241(2) that the Accusation contain specific facts regarding the allegations against a respondent is simply a codification of the fundamental due process requirements of the Fourteenth Amendment of the United States Constitution, which mandates that a respondent must be able to understand the charges and to prepare a defense. That is, there must be both notice and the opportunity to be heard. Cleveland Bd. of Educ. v. Loudermill, 470 U.S. 532, 546 (1985). And, the “notice [must be] reasonably calculated, under all the circumstances, to apprise interested parties of the pendency of the action and afford them an opportunity to present their objections.” Mullane v. Central Hanover Trust Co., 339 U.S. 306, 314 (1950).

The notice requirement of due process is not satisfied by factually vague assertions, but must instead be sufficient to enable the respondent to understand what the respondent has allegedly done, or has failed to do. Grijalva v. Shalala, 152 F.3d 1115, 1122 (9th Cir. 1998). The “notice” requirement of due process is crucial to the requirement of a fair hearing because failure to provide the specific facts which form the basis for the claims against a respondent reduces a respondent “to guessing what evidence can or should be submitted in response and . . . responding to every possible argument against . . . [discipline] at the risk of missing the critical one altogether.” Barnes v. Healy, 980 F.2d 572, 579 (9th Cir. 1992).

The Accusation filed against CVS merely states that CVS owned and operated a pharmacy where a pharmacist allegedly made a mistake. No other allegations are made against CVS! The Accusation is, therefore, nothing more than an assertion of strict liability. Clearly,
simply owning and operating a pharmacy is not an “incompetent act” that is “against public policy,” as required by NRS 639.210(4) or NAC 639.945(1)(i). Nor does owning and operating a pharmacy constitute a failure to follow instructions, as provided for in NAC 639.945(1)(d). The allegations in the Second Cause of Action fail to state a claim against CVS based upon NRS 639.210(4) and NAC 639.945(1)(d) and (i), and violate the pleading requirements of NRS 639.241(2) and the due process requirements of the Fourteenth Amendment. On that basis alone, the Accusation must be dismissed.

B. The Second Cause of Action must be dismissed because the Board lacks jurisdiction and/or authority to impose vicarious and/or strict liability upon a pharmacy

Failure of the Accusation to meet the basic requirements of due process, by not specifying that CVS took, or failed to take, any action, makes it clear that the Board seeks to discipline CVS solely based on strict or vicarious liability.\(^1\) However, the Board lacks jurisdiction and authority to separately discipline license holders under either strict or vicarious liability.

An administrative agency may only exercise such power as has been conferred upon it by law. *Andrews v. Nevada State Bd. of Cosmetology*, 86 Nev. 207 (1970). That “power” is legally referred to as “jurisdiction.” As stated by the Nevada Supreme Court:

> As an administrative agency the Board has no general or common law powers, but only such powers as have been conferred by law expressly or by implication. [Citations]. Official powers of an administrative agency cannot be assumed by

---

\(^1\) “Strict liability” is generally liability without fault or knowledge. *Black's Law Dictionary*, 926 (7th ed. 1999). In the instant context, “strict liability” would mean imposing discipline directly on the pharmacy where a licensed employee has acted in violation of the pharmacy laws and regulations without the fault, knowledge, or any act of the pharmacy.

The “strict liability” standard of liability is contrasted with “vicarious liability,” which is the liability imposed on a supervisory party for the acts of its subordinates. *Black's Law Dictionary*, 927 (7th ed. 1999). The typical example is *respondeat superior*, where the employer may be required to pay any judgment obtained against an employee by a third party. In the instant context “vicarious liability” means, for example, requiring the pharmacy to pay a fine imposed by the Board on a licensed employee, not imposing separate discipline upon the pharmacy itself for the same act. See also *Kohler v. Inter-Tel Teleco*, 244 F.3d 1167, 1177 (9th Cir. 2001) (noting the confusion between the two doctrines).
the agency, nor can they be created by the courts in the exercise of their judicial function. [Citations]. The grant of authority to the agency [in the statute] must be clear.

Id. at 208 (emphasis added); City of Henderson v. Kilgore, 122 Nev. 331, 334-35 (2006).

The Board’s authority to discipline license holders under NAC 639.945 must be based upon NRS 639.070 and NRS 639.210(4). However, NRS 639.070 only authorizes the Board’s general powers, such as making regulations to enforce NRS Chapter 639, and does not include an authorization to impose fines or penalties based on strict or vicarious liability. NRS 639.210(4) likewise does not include any provision for strict or vicarious liability, but instead authorizes discipline against “the holder or applicant” of the license for specific actions, or for the failure to take required action. Thus, any attempt by the Board to impose strict or vicarious liability in the absence of express or implied authorization (“jurisdiction”) to do so is contrary to Nevada law. See Andrews, 86 Nev. at 208.

Because strict or vicarious liability is not authorized in the statutes relied upon by the Board to enact NAC 639.945, there is no basis for the Board to impose strict or vicarious liability upon a pharmacy. To the extent that the Board is seeking to impose separate liability on CVS solely for the acts of Mr. Forman, the Second Cause of Action against CVS must be dismissed.

III. CONCLUSION

For the reasons stated above, the Accusation fails to state a claim. CVS respectfully moves the Nevada State Board of Pharmacy to dismiss the Second Cause of Action in the Accusation against CVS.

CVS/PHARMACY #8807,
Certificate of Registration #PH01406,
Case No. 10-088-PH-S

Respondents.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Miguel Martinez is a pharmacist licensed by the Board and CVS/Pharmacy #8807 (CVS #8807) is a pharmacy licensed by the Board, located at 5681 Boulder Highway, Las Vegas, Nevada.

II.

In July, 2009, Tammy Jordan picked up her son, Kyren Lewis' prescription for methylphenidate tablets, from CVS #8807. Kyren Lewis had been taking methylphenidate for quite some time. He took two tablets per day – one in the morning and one at noon. Ms. Jordan's practice was to split the prescription and give half to the school nurse for administration to Kyren Lewis at noon. Ms. Jordan had to leave the state on family business and left Kyren Lewis with his grandfather. While Ms. Jordan was gone, it was reported to her that Kyren Lewis had become angry and aggressively
acting out. When she returned from her trip, the school nurse notified Ms. Jordan that she discovered that Kyren Lewis had been taking methadone HCL 5 mg. tablets rather than the prescribed methylphenidate. Ms. Jordan consulted with Kyren Lewis' physician and was advised to wean him from the methadone. She determined she was going to take him off the methadone immediately so she could introduce the methylphenidate more quickly. Ms. Jordan indicated that after suffering withdrawal from the methadone it took two weeks for Kyren Lewis to stop the erratic behavior he was experiencing.

III.

During the investigation of this matter it was learned that Mr. Martinez was the pharmacist that filled and verified the errored prescription. Mr. Martinez explained that he believed that while filling the methylphenidate prescription for Kyren Lewis there was not enough medication in the stock bottle. He had already scanned the stock bottle, printed a label set and affixed it to the prescription bottle. He selected another bottle to complete the fill. He noted that the NDC was different on the second bottle causing him to create a second label set. Mr. Martinez did not notice the difference in the medication, and placed the second label for methadone over the label for methylphenidate and completed the filling of the prescription.

IV.

The Board’s investigator reviewed the counseling log for Kyren Lewis’ prescription. He was unable to determine whether Ms. Jordan was counseled or not because the counseling log was blank. When Mr. Martinez was questioned regarding the blank counseling log, he was unable to provide an explanation.

FIRST CAUSE OF ACTION

V.

In failing to strictly follow the instructions of Kyren Lewis' physician by verifying
and filling his prescription for methylphenidate with methadone HCL 5 mg., Mr. Martinez violated Nevada Revised Statutes (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945(1)(d) and (i).

SECOND CAUSE OF ACTION

VI.

In failing to be able to identify if Ms. Jordan was counseled when she picked up Kyren Lewis' new erred prescription for methadone because the counseling log was blank, Mr. Martinez violated NRS 639.210(4), and/or NRS 639.266 and/or NAC 639.707 and/or 639.945(1).

THIRD CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which Mr. Martinez filled and dispensed Kyren Lewis' prescription for methylphenidate with methadone, CVS #8807 violated NRS 639.210(4) and or NAC 639.945(1)(d) and (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificates of registration of the Respondents.

Signed this \[\text{ }^{\text{\$}}\] day of March, 2011.

Re: Miguel Martinez, R.Ph.

Answer and Notice of Defense Case No.: 10-088-RPH-S ("Case")

Dear Mr. Pinson:

We are writing on behalf of our client, Miguel Martinez, R.Ph., in regards to the Notice of Intended Action and Accusation from the Nevada State Board of Pharmacy ("Board") that Mr. Martinez received on approximately March 7, 2011 as relates to the above-referenced Case. This correspondence will provide Mr. Martinez's Answer and Notice of Defense, thereby requesting a hearing in this matter, which has been scheduled for April 13, 2011.

As you know, the incident in question occurred in July 2009, approximately 1½ years ago. Mr. Martinez is providing his best recollection of the events; however, given the time that has passed, his memory may not be precise and there are certain facts that he does not recall.

On the day in question in July 2009, Tammy Jordan picked up her son’s prescription for methylphenidate tablets from CVS Pharmacy #8807, located at 5681 Boulder Highway, Las Vegas, Nevada. Ms. Jordan’s son, Kyren Lewis, had been taking this medication for quite some time. According to Mr. Martinez’s recollection, he believes the pharmacy did not have enough of the 5 mg methylphenidate to fill the prescription; therefore, he went to the locked cabinet where the medications were kept. The bottles were usually kept lined up one behind the other according to the medication and Mr. Martinez reached for the bottle that was next in line after the first bottle of methylphenidate. Mr. Martinez believes he had previously scanned the stock bottle, printed a label set, and affixed it to the bottle. After selecting the next bottle in line, he noted that the NDC was different, which prompted him to create a second label set. Mr. Martinez bypassed the NDC screen and filled the prescription. He did notice that the pills were a different color; however, he thought that perhaps the methylphenidate had been manufactured by a different company, which would explain the color difference. It is not uncommon for medications to be manufactured by different companies, which would change the size, shape, or color of the pills.
Mr. Martinez then replaced the bottle of methylphenidate in the locked cabinet to be used in the future for a smaller prescription.

Mr. Martinez recalls that Ms. Jordan picked up the prescription on a different day than the day the prescription was filled. As to whether Ms. Jordan was counseled, Mr. Martinez does not recall. However, based on a news clip that aired on Channel 13 and viewed by Mr. Martinez, Ms. Jordan stated that she was in a hurry; Mr. Martinez believes she may have declined counseling. However, the log for this day is not initialed. Mr. Martinez was working that day, but did not interact with Ms. Jordan at the time the prescription was picked up.

It was not Mr. Martinez who gave the prescription to Ms. Jordan. Gabriela Prito, a technician at CVS, gave the prescription to Ms. Jordan. Although a technician would normally bring any new prescription \(^1\) to the pharmacist for counseling, Mr. Martinez does not recall this occurring. It is Mr. Martinez’s belief that due to the fact that Ms. Jordan was in a hurry, she may have stopped Ms. Prito from contacting Mr. Martinez. Mr. Martinez does not recall if he was asked to initial the log. It is not unusual for a patient to refuse counseling, especially when the medication has been refilled numerous times.

In approximately late August or early September 2009, Mr. Martinez believes that Ms. Jordan called CVS and spoke to the staff pharmacist. At that time, she mentioned that her son’s school nurse had noticed that a new label had been placed over the old label on the bottle; the school nurse noticed that the label indicated that the medication was Methadone, not methylphenidate. Mr. Martinez was made aware of this error by his supervisor, Chad Leubke, who informed Mr. Martinez that an incident report had been filed. Mr. Leubke advised Mr. Martinez to contact Ms. Jordan, refund the co-pay, dispense the correct medication with a full refund, and to give Ms. Jordan a gift card for use at CVS. Mr. Martinez immediately contacted Ms. Jordan. On September 4, 2009, Ms. Jordan came into the pharmacy, Mr. Martinez gave her the correct medication, a refund, a gift card, and his sincere apology. He documented these actions on the back of the prescription. Mr. Martinez was also under the impression that Mr. Leubke had called Ms. Jordan to follow-up. However, he does not know if this occurred; Mr. Leubke is no longer employed by CVS.

In approximately December 2010, Mr. Martinez was contacted by CVS after a local television channel broadcast a story regarding this incident. Up to this point, there had been minimal contact by the CVS corporate office and Mr. Martinez assumed that the matter had been closed. However, once the story was published in the news, almost 1½ years after the event, CVS continued and/or reopened an investigation and requested that Mr. Martinez respond to questions regarding all facts related to the prescription. Due to the long time lapse, it was difficult for Mr. Martinez to reconstruct the events of that day and still does not have a total recollection of what occurred 1½ years later.

Mr. Martinez believes that in approximately November 2010, the television station put Ms. Jordan in touch with the Board. After the news clip aired, Board Investigator, Daniel Garcia

\(^1\) Although this prescription was a refill, changing the NDC caused it to be flagged as a new prescription.
visited CVS Pharmacy #8077 and requested that Mr. Martinez provide a handwritten statement of Ms. Jordan’s incident. Mr. Martinez, through the staff pharmacist, contacted his supervisor regarding Mr. Garcia’s visit. Prior to providing his statement to the Board, Mr. Martinez was informed that CVS wanted its attorneys to review it. CVS attorneys suggested that Mr. Martinez change his statement, but he did not. Mr. Martinez provided this handwritten statement to Mr. Garcia on December 13, 2010.

Subsequent to Mr. Garcia’s visit, he called and asked Mr. Martinez for the counseling log. On December 16, 2010, Mr. Martinez provided another statement to Mr. Garcia, stating that every effort had been made to locate the counseling log for the prescription; however, there had been no success. Several employees, including Mr. Martinez, searched for the counseling logs of the date in question. Apparently, the logs had been placed in storage boxes in the CVS Pharmacy attic and were difficult to locate. When the log was finally located, it was on a day that Mr. Martinez was not working. On December 21, 2010, Mr. Martinez informed Mr. Garcia that the missing counseling log had been located.

It is important to note that Mr. Martinez has been a pharmacist in Nevada for 19 years and has never had a Board complaint or disciplinary action. Mr. Martinez was transferred from another CVS pharmacy to CVS Pharmacy #8807 on December 8, 2008. According to Mr. Martinez, CVS asked him to work at this particular pharmacy due to its high volume and ongoing problems with organized workflow, rotations, personnel issues, and customer complaints. Pharmacy workflow defines the roles and responsibilities for all pharmacy staff. At the commencement of Mr. Martinez’s employment at this store, the workflow assignment board was not being followed, pharmacists would regularly work 14-hour shifts and were overworked and under extreme stress. Technician staffing was not appropriate (due to lack of training) and often there were not enough technicians to cover the shifts. Mr. Martinez discussed his concerns about these issues with his supervisor at the time, Mr. Luebke; however, he was informed that if proper workflow procedures were followed, the pharmacy department should be running efficiently. Unfortunately, as stated, proper workflow procedures were not being followed.

Mr. Martinez estimates that CVS Pharmacy #8807 filled approximately 2200-2300 prescriptions per week and according to CVS, each waiting prescription (including the drive-through) were to be filled within a 15-minute timeframe. Mr. Martinez had attempted to begin retraining staff and reorganizing workflow upon his arrival at CVS Pharmacy #8807; however, with the high volume, long shifts, and lack of personnel, an environment within which a pharmacist could safely and properly dispense prescriptions was difficult to attain.

After the misfill of the methylphenidate prescription, Mr. Martinez immediately reorganized the safety check system, including checking all C-II prescriptions by matching the hard copy with the typed label as well as the bottle (NDC) used. Mr. Martinez reorganized the C-II cabinet in a more orderly manner and moved the C-II perpetual inventory book closer to the drop-off station so that the technicians were able to check to see if enough of a particular medication was available before typing the prescription. Mr. Martinez also encouraged staff to follow the organized workflow procedures. Mr. Martinez took these actions so as to avoid a repeat of this type of incident.
It is important to note that Mr. Martinez has taken full responsibility for the misfill of this prescription. He followed CVS protocol; the incident had been reported to CVS as soon as it was made known in August or September of 2009.

Mr. Martinez sincerely apologized to Ms. Jordan and he is extremely thankful and grateful that her son, Kyren Lewis, did not suffer permanent harm. In January 2011, 1½ years following the misfill and report of the incident to CVS, Mr. Martinez was terminated. The reason he was given for this termination was failure to follow workflow procedure. Unfortunately, Mr. Martinez does not know if any of his concerns or change in procedures have been addressed by CVS. He strongly believes that prescription safety is of utmost importance and will continue to explore additional prescription safeguards once he obtains employment.

We hope the above information is helpful. With no issues, complaints, or disciplinary actions in 19 years as a pharmacist in Nevada, Mr. Martinez is very upset by the events that have transpired, again taking full responsibility for this mistake. He has always endeavored to perform his job as a pharmacist with honesty, integrity, and empathy and hopes to continue his career as a pharmacist in the future.

If you have any questions, please do not hesitate to contact me. Also, please advise as to the approximate time of Mr. Martinez’s hearing on April 13, 2011.

Sincerely,

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of
the Nevada State Board of Pharmacy, and makes the following that will serve as both a
notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an
accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because
Respondent Miguel Martinez is a pharmacist licensed by the Board and CVS/Pharmacy
#8807 (CVS #8807) is a pharmacy licensed by the Board, located at 5681 Boulder

II.

In July, 2009, Tammy Jordan picked up her son, Kyren Lewis' prescription for

Ms. Jordan consulted with Kyren Lewis’ physician and was advised to wean him from the methadone. She determined she was going to take him off the methadone immediately so she could introduce the methylphenidate more quickly. Ms. Jordan indicated that after suffering withdrawal from the methadone it took two weeks for Kyren Lewis to stop the erratic behavior he was experiencing.

III.

During the investigation of this matter it was learned that Mr. Martinez was the pharmacist that filled and verified the erred prescription. Mr. Martinez explained that he believed that while filling the methylphenidate prescription for Kyren Lewis there was not enough medication in the stock bottle. He had already scanned the stock bottle, printed a label set and affixed it to the prescription bottle. He selected another bottle to complete the fill. He noted that the NDC was different on the second bottle causing him to create a second label set. Mr. Martinez did not notice the difference in the medication, and placed the second label for methadone over the label for methylphenidate and completed the filling of the prescription.

IV.

The Board’s investigator reviewed the counseling log for Kyren Lewis’ prescription. He was unable to determine whether Ms. Jordan was counseled or not because the counseling log was blank. When Mr. Martinez was questioned regarding the blank counseling log, he was unable to provide an explanation.

**FIRST CAUSE OF ACTION**

V.

In failing to strictly follow the instructions of Kyren Lewis’ physician by verifying
and filling his prescription for methylphenidate with methadone HCL 5 mg., Mr. Martinez violated Nevada Revised Statutes (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945(1)(d) and (i).

SECOND CAUSE OF ACTION

VI.

In failing to be able to identify if Ms. Jordan was counseled when she picked up Kyren Lewis' new erred prescription for methadone because the counseling log was blank, Mr. Martinez violated NRS 639.210(4), and/or NRS 639.266 and/or NAC 639.707 and/or 639.945(1).

THIRD CAUSE OF ACTION

VII.

In owning and operating the pharmacy in which Mr. Martinez filled and dispensed Kyren Lewis' prescription for methylphenidate with methadone, CVS #8807 violated NRS 639.210(4) and or NAC 639.945(1)(d) and (i) and (2).

Case No. 10-088-RPH-S

Case No. 10-088-PH-S

TO THE NEVADA STATE BOARD OF PHARMACY:

PLEASE TAKE NOTICE THAT, pursuant to Nevada Revised Statutes ("NRS") 639.241 et seq., and NRS 233B.121 et seq., Respondent CVS Pharmacy #8807 ("CVS"), by and through its counsel, hereby moves to dismiss the Third alleged Cause of Action against CVS in Case No. 10-088-PH-S in the Notice of Intended Action and Accusation, filed on March 1, 2011, ("Accusation") for failure to state a claim and for lack of jurisdiction. CVS requests that its motion to dismiss be heard at the April 13, 2011, meeting of the Nevada Board of Pharmacy ("Board") prior to the disciplinary hearing on the Accusation.

CVS seeks dismissal upon the following grounds: (a) the Accusation does not allege any facts indicating that CVS took any actions or made any omissions; (b) the Board lacks jurisdiction and/or authority under NAC 639.945 to impose strict or vicarious liability against CVS solely based upon the actions of a pharmacist.
This motion is based on the accompanying memorandum of points and authorities, the pleadings, documents, and files of record for the Board in this case, and on such evidence and argument as may be presented at the time of the hearings on this matter.

MEMORANDUM OF POINTS AND AUTHORITIES

The Nevada State Board of Pharmacy ("Board") filed a Notice of Intended Action and Accusation on March 1, 2011, ("Accusation") against CVS Pharmacy #8807 ("CVS"), Case No. 10-088-PH-S, and against Miguel Martinez, RPH, Case No. 10-088-RPH-S.¹

The Board seeks to impose penalties and sanctions on CVS for alleged violations of NRS Chapter 639 and NAC Chapter 639. However, the Board has not alleged that CVS took, or failed to take, any actions which are in violation of any specified provision of NRS Chapter 639, or which caused the misfilling of the prescription. Instead, the Accusation merely asserts that CVS "violated NRS 639.210(4) and or NAC 639.945(1)(d) and (i) and (2)" by "owning and operating the pharmacy in which" the violations occurred. Since it is literally and legally impossible for a properly licensed entity to "violate" any provision of NRS Chapter 639 or NAC Chapter 639 merely by "owning and operating" a pharmacy, the Board is attempting to discipline CVS solely on vicarious and/or strict liability.

CVS asserts that: (a) the Accusation fails to allege facts sufficient to state a claim in the Third Cause of Action for a violation by CVS of NRS 639.210(4) or NAC 639.945(1)(d) and (i); and (b) the Board has no jurisdiction or authority under NAC 639.945(2) to impose discipline upon CVS based solely on the improper acts of the pharmacist.

I. FACTUAL AND PROCEDURAL HISTORY

On or about July 2, 2009, CVS received a prescription for Kyren Lewis for Methylphenidate tablets. This prescription was correctly entered into the system, and the correct label was printed out and affixed to the vial. As Methylphenidate is a class II substance, Mr. Martinez, as the pharmacist proceeded to fill the prescription. Mr. Martinez went back to pull

¹ Mr. Martinez is not represented by counsel for CVS.
the Methylphenidate bottle, but instead of doing so, Mr. Martinez pulled a bottle of Methadone. Mr. Martinez then performed an accuracy scan, which failed because the NDC numbers for Methadone and Methylphenidate do not match. Instead of investigating to see why the accuracy scan failed, Mr. Martinez edited the prescription in the CVS computer to Methadone instead of Methylphenidate. Mr. Martinez then printed out a new label for Methadone, and placed it on top of the label for Methylphenidate on the vial. Mr. Martinez then performed another accuracy scan, which passed because the prescription, now for Methadone, matched the bottle of Methadone. Mr. Martinez then filled and verified the “Methadone” prescription.  

On or about July 4, 2009, Tammy Jordan went to CVS #8807 to pick up the prescription for her son, Kyren Lewis. Ms. Jordan was given the vial labeled, and filled with, Methadone instead of the correct Methylphenidate prescription.

II. DISCUSSION

When considering CVS’s motion to dismiss for failure to state a claim, the Board may view “all factual allegations [in the Accusation] . . . as true and draw all inferences in [the Board’s] favor. [The Accusation] . . . should be dismissed only if it appears beyond a doubt that . . . [the Board] could prove no set of facts, which, if true, would entitle it to relief.” Buzz Stew, LLC v. City of N. Las Vegas, 124 Nev. ___, ___, 181 P.3d 670, 672 (2008). “Dismissal is proper where the allegations are insufficient to establish the elements of a claim for relief.” Stockmeier v. State, Dep’t of Corrections, 124 Nev. ___, ___, 183 P.3d 133, 135 (2008) (internal quotations omitted).

---

2 This statement of facts differs from that in the Accusation and in Mr. Martinez’s statement. This sequence of facts is supported by evidence gathered from CVS’s computer system.
A. The Third Cause of Action Fails to Meet the Pleading Requirements of NRS 639.241(2), or the Basic Requirements of Due Process, Because No Allegations in the Accusation Support a Claim Against CVS under NRS 639.210(4) and/or NAC 639.945(1)(d) and (i).

NRS 639.210(4) provides that the Board may suspend or revoke a certificate, license, registration or permit when the holder of the certificate, license, registration or permit “[i]s guilty of unprofessional conduct or conduct contrary to the public interest.” NAC 639.945(1)(d) specifies that “unprofessional conduct and conduct contrary to the public interest” includes “failing strictly to follow the instructions of the person . . . making . . . a prescription . . . as to its filling or refilling, [or] the content of the label of the prescription.” Additionally, NAC 639.945(1)(i) states that a license holder commits unprofessional conduct by “[p]erforming any of his duties as the holder of a license, certificate or registration issued by the Board, or as the owner of a business or an entity licensed by the Board, in an incompetent, unskillful or negligent manner.” Thus, it is clear that for a violation of NRS 639.210(4) and NAC 639.945(1)(d) and (i) to exist, a license holder must have taken some action, or must have failed to act when action was required.

NRS 639.241(2) requires that an Accusation provide basic information about the manner in which respondent has violated Nevada statutes or regulations:

The accusation is a written statement of the charges alleged and must set forth in ordinary and concise language the acts or omissions with which the respondent is charged to the end that the respondent will be able to prepare a defense. The accusation must specify the statutes and regulations which the respondent is alleged to have violated, but must not consist merely of charges phrased in language of the statute or regulation.

(Emphasis added.)

Rather than providing the statutorily required specificity, the Third Cause of Action merely asserts that CVS “violated NRS 639.210(4) and or NAC 639.945(1)(d) and (i) and (2),”
by "owning and operating the pharmacy in which" the violations occurred. Accusation, ¶ VII. The Accusation contains no allegations that CVS took any actions, or made any omissions, which caused, or even contributed to, the pharmacist's failure to follow instructions and the misfilling of Mr. Lewis' prescription.

The requirement in NRS 639.241(2) that the Accusation contain specific facts regarding the allegations against a respondent is simply a codification of the fundamental due process requirements of the Fourteenth Amendment of the United States Constitution, which mandates that a respondent must be able to understand the charges and to prepare a defense. That is, there must be both notice and the opportunity to be heard. Cleveland Bd. of Educ. v. Loudermill, 470 U.S. 532, 546 (1985). And, the "notice [must be] reasonably calculated, under all the circumstances, to apprise interested parties of the pendency of the action and afford them an opportunity to present their objections." Mullane v. Central Hanover Trust Co., 339 U.S. 306, 314 (1950).

The notice requirement of due process is not satisfied by factually vague assertions, but must instead be sufficient to enable the respondent to understand what the respondent has allegedly done, or has failed to do. Grijalva v. Shalala, 152 F.3d 1115, 1122 (9th Cir. 1998). The "notice" requirement of due process is crucial to the requirement of a fair hearing because failure to provide the specific facts which form the basis for the claims against a respondent reduces a respondent "to guessing what evidence can or should be submitted in response and ... responding to every possible argument against ... [discipline] at the risk of missing the critical one altogether." Barnes v. Healy, 980 F.2d 572, 579 (9th Cir. 1992).

The Accusation filed against CVS merely states that CVS owned and operated a pharmacy where a pharmacist allegedly made a mistake. No other allegations are made against
CVS! The Accusation is, therefore, nothing more than an assertion of strict liability. Clearly, simply owning and operating a pharmacy is not an “incompetent act” that is “against public policy,” as required by NRS 639.210(4) or NAC 639.945(1)(i). Nor does owning and operating a pharmacy constitute a failure to follow instructions, as provided for in NAC 639.945(1)(d). The allegations in the Third Cause of Action fail to state a claim against CVS based upon NRS 639.210(4) and NAC 639.945(1)(d) and (i), and violate the pleading requirements of NRS 639.241(2) and the due process requirements of the Fourteenth Amendment. On these bases alone, the Accusation must be dismissed.

B. The Third Cause of Action must be dismissed because the Board lacks jurisdiction and/or authority to impose vicarious and/or strict liability upon a pharmacy.

Failure of the Accusation to meet the basic requirements of due process, by not specifying that CVS took, or failed to take, any action, makes it clear that the Board seeks to discipline CVS solely based on strict or vicarious liability. However, the Board lacks jurisdiction and authority to separately discipline license holders under either strict or vicarious liability.

An administrative agency may only exercise such power as has been conferred upon it by law. Andrews v. Nevada State Bd. of Cosmetology, 86 Nev. 207 (1970). That “power” is legally referred to as “jurisdiction.” As stated by the Nevada Supreme Court:

“Strict liability” is generally liability for one’s own acts without proof of the actor’s fault or knowledge. Black’s Law Dictionary, 926 (7th ed. 1999). In the instant context, “strict liability” would mean imposing discipline directly on the pharmacy without the fault, knowledge, or even any identified act, or failure to act, of the pharmacy; the only acts alleged were those of a licensed employee who allegedly acted in violation of the pharmacy laws and regulations.

“Strict liability” is contrasted with “vicarious liability,” which is the liability imposed on a supervisory party for the acts of its subordinates. Black’s Law Dictionary, 927 (7th ed. 1999). The typical example is respondeat superior, where the employer may be required to pay any judgment obtained by a third party against an employee acting within the course and scope of his employment. In the instant context “vicarious liability” means, for example, requiring the pharmacy to pay a fine imposed by the Board on a licensed employee for the licensed employee’s acts. “Vicarious liability” does not encompass imposing separate discipline upon the pharmacy itself for the same acts. See Kohler v. Inter-Tel Techs., 244 F.3d 1167, 1177 (9th Cir. 2001) (noting the confusion between the two doctrines).
As an administrative agency the Board has no general or common law powers, but only such powers as have been conferred by law expressly or by implication. [Citations]. Official powers of an administrative agency cannot be assumed by the agency, nor can they be created by the courts in the exercise of their judicial function. [Citations]. *The grant of authority to the agency from the statute must be clear.*

Id. at 208 (emphasis added); *City of Henderson v. Kilgore*, 122 Nev. 331, 334-35 (2006).

The Board’s authority to discipline license holders under NAC 639.945 must be based upon NRS 639.070 and NRS 639.210(4). However, NRS 639.070 only authorizes the Board’s general powers, such as making regulations to enforce NRS Chapter 639, and does not include an authorization to impose fines or penalties based on strict or vicarious liability. NRS 639.210(4) likewise does not include any provision for strict or vicarious liability, but instead authorizes discipline against “the holder or applicant” of the license for specific actions, or for the failure to take required action. Thus, any attempt by the Board to impose strict or vicarious liability in the absence of express or implied authorization (“jurisdiction”) to do so is contrary to Nevada law. See *Andrews*, 86 Nev. at 208.

Because strict or vicarious liability is not authorized in the statutes relied upon by the Board to enact NAC 639.945, there is no basis for the Board to impose strict or vicarious liability upon a pharmacy. To the extent that the Board is seeking to impose separate liability on CVS solely for the acts of Mr. Martinez, the Third Cause of Action against CVS must be dismissed.

III. CONCLUSION

For the reasons stated above, the Accusation fails to state a claim. CVS respectfully moves the Nevada State Board of Pharmacy to dismiss the Third Cause of Action in the Accusation against CVS.

CVS/PHARMACY #8807, Case No. 11-003-PH-S
Certificate of Registration #PH01406,

Respondents.

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of
the Nevada State Board of Pharmacy, and makes the following that will serve as both a
notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an
accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because
Respondent Thai Vo is a pharmacist licensed by the Board and CVS/Pharmacy #8807
(CVS #8807) is a pharmacy licensed by the Board, located at 5681 Boulder Highway,
Las Vegas, Nevada.

II.

On or about January 10, 2011, Erica Darlow had a prescription for Macrobid
filled at CVS #8807. Ms. Darlow’s spouse, Kyle Reese, picked up the prescription for
Ms. Darlow at the drive through window. Mr. Reese was asked for the name of the
person he was picking up the prescription for and that persons date of birth. Mr. Reese
indicated it was for Erica Darlow and gave her date of birth. Mr. Reese was counseled
and left the drive through window.

III.

Mr. Reese returned home and gave the medication to Ms. Darlow, who took
three dosage units of what she was given. The following day Ms. Darlow was not feeling better and it was at that time that she noticed that her name was not on the medication that she was given the previous day. The name on the prescription label was Brenda Darlow, Erica Darlow's mother, and the medication that she had taken was sulfameth/TMP DS, rather than the prescribed Macrobid. Ms. Darlow was pregnant and she also noticed a warning label that said “Not to be taken if pregnant or expecting.” Ms. Darlow contacted her doctor to report that she had taken sulfameth/TMP DS and was concerned for the safety of her pregnancy. The nurse at her physician's office advised her that sulfameth/TMP DS was similar to what was prescribed for her but to discontinue taking it.

IV.

During the investigation of this matter it was learned that the pharmaceutical technician that asked Mr. Reese to identify the person and birth date of the prescription he was picking up pulled up the wrong prescription on the computer. When she called Mr. Vo to counsel, he was counseling for what was in front of him, Brenda Darlow's sulfameth/TMP DS, rather than confirming the patient's name with Mr. Reese. Mr. Reese is certain that he gave Erica Darlow's name and date of birth because he did not know the date of birth of Erica Darlow's mother, Brenda Darlow.

FIRST CAUSE OF ACTION

V.

In failing to counsel and dispense the correct medication to Mr. Reese for Erica Darlow by counseling Brenda Darlow's prescription for sulfameth/TMP DS rather than Erica Darlow's prescription for Macrobid, Mr. Vo violated Nevada Revised Statutes (NRS) 639.210(4), and/or 639.266 and/or Nevada Administrative Code (NAC) 639.707 and/or 639.945(1)(d) and (i).
SECOND CAUSE OF ACTION

VI.

In owning and operating the pharmacy in which a pharmaceutical technician
selected the prescription for Brenda Darlow which caused Mr. Vo to counsel the wrong
prescription and dispense it to Mr. Reese for Erica Darlow, CVS #8807 violated NRS
639.210(4) and or NAC 639.945(1)(d) and (i) and (2).

THIRD CAUSE OF ACTION

VII.

In being repeatedly negligent for having filled and dispensed a prescription for
methylphenidate for a nine year old patient with methadone which caused alleged
severe withdrawal symptoms in Board of Pharmacy Case No. 11-003-PH-S, CVS
#8807 violated NRS 639.210(4) and/or (16) and/or NAC 639.945(1)(d) and (i) and (2).

WHEREFORE it is requested that the Nevada State Board of Pharmacy take
appropriate disciplinary action with respect to the certificates of registration of the
Respondents.

MARCH 2011
To Whom it May Concern,  3/1/11

In July of 2007 I was arrested for contempt of court. When they picked me up for that I had a very small amount of methamphetamine in my pocket. I was charged with possession of dangerous drugs not to be introduced into interstate commerce. I completed drug counseling and paid my fines.

I have been clean and sober since and my life has taken a big turn for the better.

I am going on four years sober.

Thank you, Michele Smith

Pursuant to the direction of Carolyn Cramer of the Nevada Board of Pharmacy, we have reported as to whether the Mr. Cohen or Benco and its affiliates have been involved in litigation directly related to issues associated with the licensing and legal sale of pharmaceuticals or medical devices - which they have not. Furthermore, Benco has not been involved in any civil litigation in which has been found liable for safety issues associated with pharmaceuticals or medical devices which it has sold to doctors or other customers. Over the past five years, Benco has been involved in a small number of legal action involving products which are listed below. In all three of these cases the primary defendant in such suits has been the manufacturer of the drug or device in question and Benco has been joined in the action as the part of the supply chain between the manufacturer and the end user/injured party.

To whom it may concern:

The following is a description of our pharmacy practice. Please let us know if you need any further information from us.

Cantrell Drug Company is a pharmacy specializing in compounding of sterile and non-sterile preparations located and licensed in the state of Arkansas. Cantrell Drug Company is multi-state licensed as a non-resident pharmacy and federally registered as a “outsourcing human drug compounding” establishment. Cantrell Drug Company is accredited by the Pharmacy Compounding Accreditation Board for all levels and types of compounding. Cantrell Drug Company has an extensive, continuous quality assurance and quality control program. Cantrell Drug Company prepares products such as: intrathecal pump solutions, pain management parenterals, cardioplegias, ophthalmic solutions, small volume parenterals, and large volume parenterals.

Thank you,

James L. McCarley, Jr., President
Cantrell Drug Company
In 2003, the Drug Enforcement Administration investigated Cantrell Drug Company for an alleged violation of Title 21 USC in regard to compounded intrathecal pump refills sent to the ordering physician for administration by the physician.

This practice is standard in most compounding pharmacies dispensing intrathecal medication refills in the United States.

A settlement was reached in 2004 upon the terms set forth in a written agreement, a copy of which is attached. Also attached is a copy of related correspondence between DEA and the Arkansas State Board of Pharmacy.

Furthermore, Cantrell Drug Company complied with DEA request to register the pharmacy as a “manufacturer” with the agency. This does not imply that Cantrell Drug Company is a manufacturer or does not practice pharmacy, but allows the pharmacy to distribute controlled substances without regard to the limited distribution amounts of a DEA “retail pharmacy” registration.

Sincerely,

James L. McCarley, Jr.
President
Cantrell Drug Company

9. If any part or any provision of this Agreement shall be finally determined to be invalid or unenforceable under applicable law by a court of proper jurisdiction, that part shall be ineffective to the extent of such invalidity or unenforceability only, without in any way affecting the remaining part of said provision or the remaining provision of this Agreement.

10. Each person who signs this Agreement in a representative capacity represents that he or she is duly authorized to do so.

11. This Agreement is effective upon the date of the signature of the last signatory.

ADDITIONAL INFORMATION
On 11-03-10 at 0554, I was dispatched to an aggravated domestic battery call that occurred at 1306 Campbell Ave. Upon my arrival at Memorial Hospital, I met with (Victim) who advised me of the following:

stated he returned home after an evening out at 0400 to get a clean suit and some other clothing items. said he went into the bedroom, where his wife () was sleeping, and retrieved the items from the closet. said his wife got up and followed him into the kitchen. said (Suspect) grabbed a knife in the kitchen and asked him "Are you here to kill me?". said no and tried to move the knife away from him. In doing so, was cut by the knife causing a small laceration to the victim's forearm. stated he drove himself to Memorial Hospital to get the wound treated. The wound did not require any stitches. said that he and his wife are going through a divorce and he went to the courthouse yesterday to seek a restraining order. told me that on 11-01-10 his wife pulled a knife on him and threatened him, but police were not contacted.

I made contact with (Suspect) and read her Miranda Rights via card. said she was awakened at 0400 in the morning to someone in their bedroom closet. assumed it was her husband so she went back to sleep. then got up a little bit before 0500 and discovered that her husband was gone and the front door was left unlocked. then went back to bed. The suspect denied having a confrontation with the victim, but said they are going through a divorce. I asked about the incident that occurred on 11-01-10 and she denied it happened.

I contacted Sgt. T.C. James #5895 and advised him of the situation.
was given the documentation for domestic battery and his jacket, which he was wearing as he was cut, was placed in the property room.

was given an evidence technician card and he said he would call one when he got to his office.

stated he did not want to press charges on his wife.

I will contact the state attorney's office to seek a warrant for

Patrol efforts suspended.

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

MAYRA ARREOLA, P.T.,
Certificate of Registration #PT05374,

Respondent.

FINDINGS OF FACT,
CONCLUSIONS OF LAW,
AND ORDER

Case No. 08-054-PT-S

THIS MATTER was heard by the Nevada State Board of Pharmacy (hereinafter Board) at its regular meeting on October 29, 2008, in Las Vegas, Nevada. The Board was represented by Carolyn J. Cramer, General Counsel to the Board. At the hearing on October 29, 2008, Mayra Arreola represented herself. As a preliminary matter, Ms. Cramer made a motion to dismiss count one of the Notice of Intended Action as Ms. Arreola was alleged to have diverted Lortab, a controlled substance, but because of Ms. Arreola’s writing it was actually Lovastatin a dangerous drug that she diverted. The Board presented no testimony or evidence, but did make a presentation based upon the public records in the Board’s possession. Ms. Arreola admitted that she had taken the Metformin and the Lovastatin for her parent’s use. Additionally, Ms. Arreola testified that she needed money and thought she could provide patients that did not have insurance their medications at a reduced price by making sticky notes with the patient’s names and phone numbers and the medications and then contact the patient to make them an offer. Ms. Arreola testified that she had contacted a patient to do this and that it was the first time that she engaged in this scheme and she was caught. On the presentation of the Board’s staff, the testimony of Ms. Arreola and the public records in the possession and control of the Board, the Board issues the following Findings of Fact, Conclusions of Law, and Order:
FINDINGS OF FACT

1. On or about July 28, 2008, Ms. Arreola was terminated from her employment at Wal-Mart #10-3473, located at 4505 West Charleston Boulevard, Las Vegas, Nevada. Ms. Arreola’s termination was based upon her contacting pharmacy patients and offering them their medications at a reduced rate. She would then ask them to bring cash and meet her at her car in the Wal-Mart parking lot to give them their prescriptions for the reduced rate and then she planned to keep the money.

2. One of the patients Ms. Arreola contacted informed Wal-Mart personnel of the offer she had been given. Wal-Mart worked with the patient to set up a buy. When the patient contacted Ms. Arreola she also contacted undercover Wal-Mart personnel. When Ms. Arreola was in the parking lot on the way to her car she was apprehended and taken back into Wal-Mart for questioning. Ms. Arreola had the patient’s prescription in her possession. Several sticky notes were found in Ms. Arreola’s car with other patient names, the prescription medication they took, and telephone number that she intended to contact to offer the same opportunity so she could obtain money.

3. At the time of her exit interview she gave a voluntary statement admitting that she had taken the Lovastatin and Metformin and admitted that this was the first time she had contacted a patient to participate in her scheme.

CONCLUSIONS OF LAW

1. The Board has jurisdiction over this matter because Ms. Arreola is registered as a pharmaceutical technician with the Board.

2. In obtaining danger drugs, namely Metformin or Lovastatin, without a valid prescription therefore and for her personal gain, Ms. Arreola violated Nevada Revised Statutes (NRS) 454.221(1) and 454.316(1) and Nevada Administrative Code (NAC) 639.945(1)(h) and (i).

ORDER

Based upon the foregoing, the Board imposes the following discipline:
1. Ms. Arreola's registration (PT05374) is revoked. Ms. Arreola may not be employed in any business registered by the Board in any capacity.

Signed and effective this 28th day of November, 2008.

Employment

I have worked in the field of disability services and adaptive technology since 1990. Adaptive technology included all forms of durable medical equipment (DME), power and manual wheelchairs, device mounting systems, augmentative and alternative communication systems, computer access technologies, ergonomic equipment and adaptive technology for vision and hearing loss. Disability services included one on one client assessment to identify the most appropriate type of assistive device(s) needed. Services also included formal recommendation as to the exact type and model of adaptive equipment most appropriate. Services also included equipment/device delivery, installation, assembly and set up with the equipment provided. Services also included training with the client and support provides as to the use and maintenance of the equipment. And lastly, follow up services to ensure that all adaptive devices were working correctly and if not, repair services were then provided. I completed a Assistive Technology certificate course offered through Cal State University at Northridge and have attended and made presentations at several national assistive device conferences since entering this field in 1990. Additionally, while operating my own business which opened in late 2000, I worked with many different agencies that provide funding for adaptive equipment to persons with disabilities. This included working with the Clark County School Districts assistive technology department delivering and setting up all forms of adaptive equipment and then providing training with the items.

Re: Application to be the MDEG Administrator

To Whom It May Concern;

I am submitting the application for "Medical Equipment Supplier" for United Seating and Mobility. I felt it was important to attach additional information to the application that will highlight my prior work history and long experience working with individuals with disabilities and adaptive equipment. The space provided on the application is limited and I was not able to clearly report my past work history and job duties. I hope this additional information is helpful.

CURRENT CONDITIONS ON LICENSE:

SETTLEMENT, WAIVER AND CONSENT AGREEMENT
December 6, 2010

On December 3, 2010 a Settlement, Waiver and Consent Agreement was approved and accepted by the Nevada State Board of Medical Examiners (Board), whereby, Mark Kabins, M.D. (Respondent), although Respondent believes that the amendments of NRS 630.364 may preclude the Board from proceeding, Respondent is aware that the trier of fact, the Board, may find a factual basis in support of the Second Amended Complaint against Respondent. Accordingly, in order to resolve the matter without incurring further costs and expense of providing a defense to the Second Amended Complaint or to any other further amended complaint, and in exchange for the waiver of the Respondent's foregoing rights, Respondent has entered into this Agreement, and agrees:

a. The Board may find that Respondent has engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act, to wit: Respondent pleading guilty to and being convicted of Misprision of Felony, a violation of 18 U.S.C. § 4, was a violation of NRS 630.301(9);

b. Pursuant to NRS 630.352(4)(d), Respondent agrees upon adoption of this Agreement, to accept a stayed suspension of his license to practice medicine in the state of Nevada for a period of six (6) months. If, during the term of Respondent's six (6) months' stayed suspension, the IC receives substantial evidence that Respondent has materially breached the terms and conditions of this Agreement, Respondent agrees the IC, without any further hearing or action by the Board, shall issue an order suspending Respondent's license to practice medicine in the state of Nevada.

Thereafter, Respondent may request a hearing before the Board to reinstate his license, which must be heard within forty-five (45) days of the Order of Suspension. However, during the pendency of the hearing before the Board, Respondent waives any right to seek judicial review (state or federal) to reinstate his privilege to practice medicine in the state of Nevada pending a final Board hearing;

c. Pursuant to NRS 630.352(4)(b), Respondent agrees the Board shall administer a formal written public reprimand which will include language which is synonymous with the terms of this Agreement;

d. Currently Respondent is serving five (5) years of probation pursuant to an Order issued by the United States District Court, Case No. 2:07-cr-000039-JLQ-LRL. Pursuant to NRS 630.352(4)(a), Respondent agrees he shall submit to the Board any and all documentation regarding the terms of his probation entered in the United States District Court, Case No. 2:07-cr-000039-JLQ-LRL.

e. Pursuant to NRS 630.352(4)(a), Respondent agrees to being placed on probation with the Nevada State Board of Medical Examiners pursuant to the terms and conditions issued by the United States District Court. Within thirty (30) days of the adoption of this Agreement, Respondent shall provide a copy of this Agreement to his office of Federal Parole and Probation. Respondent shall also execute any documents necessary authorizing the office of Federal Parole and Probation to release any and all reports generated regarding Respondent's compliance with the terms and conditions of Respondent's federal probation. Once respondent is given written notice of his completion of his probation, Respondent shall submit the written notice to the Investigative Committee. Upon receipt of the written notice of completion the IC shall, without any further action of the Board, authorize an Order reinstating

On December 3, 2010 a Settlement, Waiver and Consent Agreement was approved and accepted by the Nevada State Board of Medical Examiners (Board), whereby, Mark Kabins, M.D. (Respondent), although Respondent believes that the amendments of NRS 630.364 may preclude the Board from proceeding, Respondent is aware that the trier of fact, the Board, may find a factual basis in support of the Second Amended Complaint against Respondent. Accordingly, in order to resolve the matter without incurring further costs and expense of providing a defense to the Second Amended Complaint or to any other further amended complaint, and in exchange for the waiver of the Respondent's foregoing rights, Respondent has entered into this Agreement, and agrees:
 a. The Board may find that Respondent has engaged in conduct that is grounds for discipline pursuant to the Medical Practice Act, to wit: Respondent pleading guilty to and being convicted of Misprision of Felony, a violation of 18 U.S.C. § 4, was a violation of NRS 630.301(9);

Please note that the settlement of a medical malpractice action may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the provider. Therefore, there may be no disciplinary action appearing for a licensee even though there is a closed malpractice claim on file. A payment in the settlement of medical malpractice does not create a presumption that medical malpractice occurred. Sometimes insurance companies settle a case without the knowledge and/or agreement of the physician. This database represents information from insurers to date. Please note: All insurers may not have submitted claim information to the Board.

CANCER DRUG DONATION PROGRAM

During the 2009 Session the Nevada Legislature enacted the Cancer Drug Donation Program.

This program allows participating pharmacies to accept cancer medications used in the course of cancer treatment, that were dispensed by a Nevada pharmacy. The drugs may be re-dispensed to Nevada residents who are currently being treated for cancer. Pharmacies can choose to be a part of this program by filling out a short form found on the website listed above. Participation in the program is voluntary and the pharmacy can elect to quit at any time.

The medications accepted by the participating pharmacy can be re-dispensed to participating cancer patients who are Nevada residents that have, in conjunction with their physician, signed-up to be a part of the program.

The pharmacy is required to keep the medication donated to the program in a separate location from their normal drug stock and document transfer of medication on the forms provided by the Nevada State Board of Pharmacy. All forms can be found on the website.

If you are interested in becoming a participating pharmacy or would like more information on the Cancer Drug Donation Program; please visit the Nevada State Board of Pharmacy website, Chapter 457 of Nevada Administrative Code, or Nevada Revised Statute Chapter 457.

March 7, 2011

The Nevada Legislature has now passed the 4 week mark, nearly one quarter their allocated time in Carson City.

Legislative Democrats continued their practice of topical press conferences to introduce bills, most recently on education and jobs, furthering their attempts to build anger over budget cuts and support for a possible tax increase. In an effort to take the mantle of education reformers, and to possibly woo a few Republican votes, the Democratic majorities introduced bills to change teacher tenure laws and evaluations, and encourage more parental involvement.

In the first real skirmish of the Session, they also directly attacked one of the centerpieces of the Governor’s budget, his proposal to use $425 million in school construction bond reserves to replenish his proposed cuts to the operating budgets of schools districts. Assembly Democrats quickly heard and passed a bill to allow the use of these reserve funds for school construction and rehabilitation, selling it also as a jobs bill for the hard-hit construction industry. Both sides now accuse the other of opening a hole in the budget. Both sides are correct on one thing at least - there is now a sizable hole in the budget.

Job creation was the other theme of the fortnight, with two main bills being introduced. The Assembly quickly passed a bidders preference bill for public works, only to find it stalled in the Senate over objections from minority activists who want to see the law require more minority participation (Democrats' bill no slam dunk after all- LV Sun). In the Senate SB 192 would require Washoe and Clark counties to significantly increase building maintenance spending. It would also allocate $.02 of property tax revenue to each county’s Regional Transportation Commission for transportation construction. In a déjà vu moment however, the same property tax revenue is also used in the Governor’s budget to help offset his proposed higher education budget cuts. Both SB 192 proposals add to the mounting fiscal hit on Clark and Washoe counties.

Governor Sandoval has likewise continued his advocacy for his budget, and his stance that any tax increases would slow the creation of jobs. The Administration has pointed to recent positive gains in sales tax revenues, as well as mining revenue gains due to record gold prices, as reason to believe the revenue picture will improve before the budget is finalized. The Governor has also announced plans to pursue a constitutional change to allow school vouchers (Sandoval School Vouchers- Nevada News Bureau), and pension changes for new employees (Public Pension Details- Nevada News Bureau).

Assembly Minority Leader Pete Goicoechea (R) made the most public connection yet between a list of Republican reforms and possible support of taxes. It is a greatest hits list of perennial conservative favorites: reform of local government collective bargaining rules; reducing prevailing wage rates; changes to pension and health benefits; education reforms like vouchers; and reform to Nevada’s much-maligned construction defect laws. The list is a veritable menu for the end of session horse trading to come.

RE: PMP Interconnect Development

The National Association of Boards of Pharmacy (NABP) is pleased to move forward with efforts to develop and make available to states the PMP Interconnect. The PMP Interconnect will serve as a communications exchange platform to facilitate the secure transfer of prescription monitoring program (PMP) data across state lines to authorized requestors, while ensuring that each state’s data access rules are enforced. NABP became involved in this area to continue prior efforts to fund and develop state PMPs and design systems to address the lack of interoperability and data sharing among the various PMPs. Without interoperability and data sharing, state PMPs will be limited in serving their purpose to help reduce drug abuse and diversion.

NABP has made a commitment to cover the costs of developing and deploying the PMP Interconnect as well as to fund the annual operating costs of the system. In addition, NABP has informed potentially participating state PMPs that it will cover the costs involved in modifying their individual state PMPs to function with the PMP Interconnect. In light of the current government funding challenges at all levels, NABP believes it is important that the costs of this enhancement to the programs are not borne by the state PMPs, as this would present a barrier to participation. NABP has the financial resources and stability to provide funding and will stand by its commitment to ensure that the PMP Interconnect meets its objectives.

On March 9, 2011, Purdue Pharma L.P. announced that it would provide NABP with a grant of $1 million to support the deployment of the PMP Interconnect, and to show its support for applying this enhancement to the existing PMPs nationwide. This will be an unrestricted grant to the NABP Foundation and will help ensure that NABP can continue to fund its other important initiatives while guaranteeing the ongoing support of the PMP Interconnect. The NABP Foundation is soliciting unrestricted grants from a wide variety of public and private entities that have a shared interest in enhancing the effectiveness of PMPs in this manner.

NABP has determined that the decisions and recommendations regarding the Interconnect will be made by a steering committee selected solely from administrators of PMPs that are participating in the PMP Interconnect program. This group will advise and assist in decision-
making regarding the policies and procedures of the PMP Interconnect. While other interested parties, including other government agencies and regulators devoted to protecting the public through law enforcement or public health initiatives, as well as private entities that share these interests, may be invited to participate in the activities of the steering committee, the official actions of the steering committee will reside with the PMP administrators and the NABP Executive Committee. The PMP Interconnect will be managed and administered exclusively to support the objectives of the participating PMPs and in support of NABP’s mission to assist state boards of pharmacy in creating uniform standards to protect public health.

RE: NABP Launches CPE Monitor Service

This week the National Association of Boards of Pharmacy (NABP), in collaboration with the Accreditation Council for Pharmacy Education (ACPE), launched the CPE Monitor service. A continuing pharmacy education (CPE) electronic tracking system, this new service will provide participating state boards of pharmacy with a streamlined process to verify their licensees’ and registrants’ compliance with CPE requirements. Boards of pharmacy that choose to participate in the service will receive reports on pharmacists’ and technicians’ completed ACPE-accredited CPE units, which will be authenticated and stored in the system. The program is expected to save boards of pharmacy, pharmacists, and technicians time and money in managing CPE-compliance activities.

Pharmacists and pharmacy technicians are now able to set up an NABP e-Profile through the NABP Web site and obtain their permanent identification number, or NABP e-Profile ID. Beginning in the latter part of 2011, all pharmacists and technicians will be able to provide their NABP e-Profile ID, plus their birth date (MMDD), in order to receive credit for CPE activities taken from ACPE-accredited providers. To set up an e-Profile, pharmacists and technicians can visit the CPE Monitor Web page, which is accessible at www.MyCPEmonitor.net. NABP and ACPE will work with CPE providers to ensure an adequate amount of time is allotted to implement this new service.

To help educate pharmacists and pharmacy technicians on the new CPE Monitor service, NABP representatives will be available at booth 1114 at the American Pharmacists Association Annual Meeting and Exposition, March 25-28, 2011, in Seattle, WA, to provide informational material and answer questions regarding the service. NABP is also providing information in the National Pharmacy Compliance News, NABP Newsletter, and e-News, and plans to provide any CPE Monitor updates in future communications. Additionally, ACPE has developed communications to keep its providers informed and up to date on the new service.

NABP continues to reach out to executive officers interested in forming a CPE Monitor advisory group, which will ultimately be responsible for determining the needs of the boards of pharmacy as they pertain to the CPE Monitor service. NABP invites any executive officers interested in participating in this advisory group to contact NABP Chief Operating Officer Robert T. Cowan via e-mail at rcowan@nabp.net.

New AWARERX.ORG Resources on Prescription Drug Abuse and Medication Safety

The AWAREX™ Web site has been updated with inviting, easy-to-read, and timely content to more effectively reach consumers seeking information on prescription drug abuse and medication safety. As the primary communication vehicle of the AWAREX consumer protection program, AWARERX.ORG aims to educate consumers about what they can do to protect their families, friends, and communities from prescription drug misuse, counterfeit drugs, and illegal Internet drug outlets.

Visit www.AWARERX.ORG for updated information and the latest news on prescription drug misuse and abuse, the Drug Enforcement Administration (DEA) National Prescription Drug Take-Back Day, counterfeit medications, and buying medicine online. The new Pharmacist page provides links to patient medication safety materials and information on medication disposal programs and PMPs as tools to fight prescription drug abuse. The Pharmacist page also includes links to relevant NABP documents and relevant resources from DEA, Food and Drug Administration, and Environmental Protection Agency. In addition, the AWAREX Web site includes medication safety tip pages that provide patients with guidelines for safely obtaining, administering, and monitoring over-the-counter and prescription drugs, including guidelines specific to seniors and children. All AWARERX.ORG materials encourage consumers to use medications safely by following their doctor’s instructions and talking with their pharmacist when they have questions.

Boards of pharmacy addressing the problem of prescription drug abuse in their state may recommend to their licensees and registrants that they use the AWAREX Web site as a resource for educating their patients about this alarming trend. Boards of pharmacy that wish to place the AWAREX logo on their Web site, hyperlinked to www.AWARERX.ORG, may obtain information by sending an e-mail to AWARERX@NABP.NET. As AWARERX.ORG resources are further developed, the Association will provide state boards of pharmacy and other pharmacy organizations with updates on using AWAREX tools. Suggestions for additional content, resources, or topics for the AWAREX Web site Pharmacists page may be sent by e-mail to AWARERX@NABP.NET.

DISCUSSION AND DETERMINATION
APRIL – 2011

At the request of Mr. Macdonald, the following topics with regard to discipline are put forth for discussion:

1) Case Settlement:

   It appears to be somewhat disconcerting to gear up and prep for a hearing only to be asked to sit for 30-45 minutes at the time of hearing while the attorneys negotiate in the hallway for a settlement. Is it not feasible for that process to take place prior to the hearing date, or for that process to be limited to 10-15 minutes?

   As you all are aware, the settlement process is somewhat complex and certainly not “cut and dried” by any means. When the actual time of hearing nears, often the parties begin to think differently, including the complainant. General Counsel will discuss this in more detail.

2) Witness Credibility:

   Are the claims made by the patient who has ingested a wrong medication at the fault of the pharmacy, realistic, feasible, credible? How do you determine that?

   This is complex. As a Board member, you all need to remember why you are here and who you are charged with protecting. If a patient claims harm, staff must allow that patient their “day in court” to air their complaint. They want to tell you what happened to them and how they feel about it. To substantiate their claims through the hiring of expert witnesses would not only be cost prohibitive, but would draw the hearing process out to unacceptable lengths. That process is for the civil courts to sort out. Your immediate job is to listen and make your own determination.

3) Discipline guidelines:

   Consistency in your rulings:

   Staff is proposing the following for consideration:

   a) Designate “The Matrix” a tool, rather than a solid guideline. The matrix was originally developed some time ago to do simply what you are asking, namely bring consistency to discipline as well as give staff a guideline in bringing cases to you. It has served us well over the years, but in reality, binds staff, not you as the Board. It should not be totally discarded, but if designated not binding on staff, it would allow staff more leeway in the settlement process.
b) Develop a "Perpetual Discipline Document" to be included in every Board book along with the disciplinary guidelines and matrix that are already included, showing what your rulings have been over the past dozen or so cases. Staff has prepared a sample for your consideration.

Staff appreciates the difficulty and often discomfort you all face and experience during the very complex disciplinary process. Making decisions that affect the careers and lives of your peers is never an easy task, nor is it ever easy to order discipline for your current employers. In reality, you as Board members, the pharmacists and techs that we regulate, and the pharmacies that we regulate, all have the same goal, that being the safe practice of pharmacy for the citizens of Nevada. None of us ever want to see that patient harmed. The reality however is that patients do suffer harm on occasion, and that fact then becomes your problem. Upon acceptance of your appointment, you essentially promised to take on the task of dealing with that patient’s experience and above all, figure out some way to correct the cause of the problem to prevent others from similar injury. Not easy . . .

Following, for the new Board members, is the press release regarding our Board’s recent recognition nationally by NABP for our safety initiatives. Our work over recent years through discipline, the inspection process, and the development and utilization of "Your Success" has not gone unnoticed.
FOR IMMEDIATE RELEASE

May 26, 2010

NATIONAL ASSOCIATION OF BOARDS OF PHARMACY HONORS LEADERS AT THE FOREFRONT OF PUBLIC HEALTH PROTECTION AT THE ASSOCIATIONS 106TH ANNUAL MEETING

The Nevada State Board of Pharmacy has been chosen by the Executive Committee of the National Association of Boards of Pharmacy (NABP) to receive the prestigious Fred T. Mahaffey Award for 2010 because of Nevada’s recent initiative of “inspecting for safety”, which focuses on continuous quality improvement and patient safety. The Board’s initiative included a retooling of its inspection process to include the safety of the patient as the primary inspection goal. The Board’s goal with inspecting for safety is to keep all pharmacies in Nevada compliant with the law and to emphasize patient safety. The impressive team effort took the support of all Board members as well as the cooperation of the Board’s investigators, staff and inspectors.

The Fred T. Mahaffey Award is named after the late NABP Executive Director Emeritus who held the executive director position from 1962 to 1987. The National Association of Boards of Pharmacy represents the state boards of pharmacy in all 50 states, the District of Columbia, Guam, Puerto Rico, the Virgin Islands, New Zealand, eight Canadian provinces, two Australian states and South Africa. It is an extremely high honor for our state to be recognized for its exemplary performance in advancing the protection of the public health. Incidentally, this is the second Fred T. Mahaffey Award bestowed upon the Nevada Board of Pharmacy in five years.
