Carolyn Cramer presented an oral Stipulation and Agreement for the Board’s consideration. Mr. Patel would pay a fine of $500.00 for the First Cause of Action and a fine of $1,000.00 for the Second Cause of Action. Mr. Patel will also participate in a continuing education class on ethics approved by Board staff. For the Third Cause of Action Mr. Patel will review the computer record deletion policy for Walgreens and send a letter to Board staff confirming that he has completed that review. Walgreens #04197 will pay a fine of $1,000.00 for the Fourth Cause of Action.

Board Action:

Motion: Jody Lewis moved to accept the oral Stipulated Agreement as presented.

Second: Cheryl Blomstrom

Action: Passed Unanimously

   K. Anteneh Woldetsadik, R.Ph (11-042-RPH-S)
   L. CVS/pharmacy #8780 (11-042-PH-S)

Carolyn Cramer advised the Board that Mr. Woldetsadik was not present even though she expected him to appear. She indicated that Board staff is dismissing the charges against CVS #8780 and asked the Board to consider continuing the matter with Mr. Woldetsadik to the September meeting.

The Board agreed and Mr. Woldetsadik’s matter will be continued to the September Board meeting.

5. Applications for Nevada Pharmacy – Appearance for Possible Action:

   A. Concierge Compounding Pharmaceuticals, Inc. – Henderson

Hootan Melamed appeared and was sworn by President Foster prior to answering questions or offering testimony.

Mr. Melamed explained that Concierge was a closed door, non-sterile compounding pharmacy servicing physicians that fax prescriptions to him which he then fills and mails to patients both in and out of state. It was noted that the application was not marked as a mail order pharmacy and he indicated that it was an oversight on his part.
Board Action:

Motion: Jody Lewis moved to approve the application for Concierge Compounding Pharmaceuticals providing the application is amended to include mail order services.

Second: Kam Gandhi

Action: Passed Unanimously

B. Nuro Pharma Inc. – Las Vegas

Jon Box, pharmacist, and Jim Fares, owner, appeared and were sworn by President Foster prior to answering questions or offering testimony.

Mr. Box and Mr. Fares explained that they were a pediatric care pharmacy for children with epilepsy and seizure disorders. They will be working with doctors and ordering drugs for their patients specific to their needs. Mr. Box and Mr. Fares answered the Board’s questions to their satisfaction.

Board Action:

Motion: Cheryl Blomstrom moved to approve the application for Nuro Pharma Inc.

Second: Russ Smith

Action: Passed Unanimously

C. Well Being Specialty Rx – Las Vegas

Dina Haileyesus, pharmacist, and Terrance Connolly, owner, appeared and were sworn by President Foster prior to answering questions or offering testimony.

Mr. Connolly and Ms. Haileyesus described the practice as a compounding pharmacy that is 797 compliant. The Board questioned them regarding the application because it did not indicate they would be providing parenteral’s to patients and they indicated that it was an oversight.

Board Action:

Motion: Russ Smith moved to approve the application for Well Being Specialty Rx and correct the application to reflect parenterals.

Second: Kam Gandhi

Action: Passed Unanimously
6. Applications for Out-of-State Pharmacy – Appearance for Possible Action:
   A. Millers of Wyckoff – Wyckoff, NJ

Jacob Saeman appeared and was sworn by President Foster prior to answering questions or offering testimony.

David Miller provided Board staff with a letter authorizing Mr. Saeman to testify on behalf of Millers of Wyckoff.

Mr. Saeman explained that they are a compounding pharmacy, currently licensed in 30 states and their goal is to license in all states so they can ship anywhere in the United States. Millers of Wyckoff is a family owned pharmacy that has been in business since 1929. Mr. Saeman gave information regarding their shipping procedures and other practices to the Board’s satisfaction.

Board Action:

Motion: Cheryl Blomstrom moved to approve the application for Millers of Wyckoff.

Second: Jack Dalton

Action: Passed Unanimously

B. My Weight Doctor Pharmacy, LLC – Rockville, MD

This matter was continued to the October Board meeting.

7. Requests for Pharmacy Technician in Training License – Appearance for Possible Action:
   A. Shari A. Challis

Shari Challis appeared and was sworn by President Foster prior to answering questions or offering testimony.

Russ Smith disclosed that he is an employee of Walgreens however he does not know Ms. Challis and his participation in this matter would not be in conflict.

Ms. Challis disclosed on her application for pharmaceutical technician in training that she had been arrested on suspicion of selling a controlled substance, namely marijuana, but testified that the charges were dismissed. Ms. Challis also indicated that she had six months of anger management classes for a domestic abuse charge because she got into a heated argument with her brother. She also admitted that she obtained a hotel room for someone in her name and the person she obtained the room for trashed it. She indicated that the person that did it paid for the damages and she
was released from responsibility in that matter. Ms. Challis was also arrested for methamphetamine use when she was between 15 and 18 years old. She noted that her parents are supportive of her and that she has grown and learned from her mistakes. Ms. Challis works for Walgreens full time and she was asked if she would be interested in being a pharmaceutical technician in the pharmacy. Ms. Challis indicated that her managing pharmacist is aware of her history.

Denise Challis appeared and was sworn by President Foster prior to answering questions or offering testimony.

Denise Challis, Shari’s mother, testified on her behalf.

Board Action:

Motion: Kam Gandhi moved to accept the application for pharmaceutical technician in training providing Ms. Challis is evaluated by PRN-PRN, Board staff receives of a letter of recommendation from the managing pharmacist, and that she reappear at the January 2013 Board meeting.

Second: Cheryl Blomstrom

Action: Passed Unanimously

B. Alex Garza

Alex Garza appeared and was sworn by President Foster prior to answering questions or offering testimony.

Mr. Garza was present to explain the circumstances of the dismissal of charges that were brought against him by the North Las Vegas Municipal Court. He explained that he does not drive and that he got a ride from a girl who had an accident because she was under the influence of marijuana while he was the passenger in her car. He did not know she was under the influence until after he accepted the ride. They were both arrested, however his charges were dismissed because he had not used marijuana. Mr. Garza stated that he would like to complete the program at Anthem, where he was a student in the pharmaceutical technician program.

Board Action:

Motion: Russ Smith moved to approve the application for pharmaceutical technician in training pending a letter of support from Anthem to Board staff.

Second: Cheryl Blomstrom

Action: Passed Unanimously
C. Jennifer Philumalee

Jennifer Philumalee appeared and was sworn by President Foster prior to answering questions or offering testimony.

NOTE: Russ Smith disclosed that he is an employee of Walgreens however he does not know Ms. Philumalee and his participation in this matter would not be in conflict.

Ms. Philumalee admitted that she had taken one bottle of Oxycodone without authorization from the Walgreens where she was working in Wisconsin. She had been a pharmaceutical technician for 15 years when this occurred and she completed a yearlong outpatient program for addiction. The felony charges for possession of a narcotic were dismissed. Ms. Philumalee also admitted that she was addicted to Ecstasy and cocaine however she is in remission. At the moment she is working as a clerk at Walgreens #5619 and she would like to work as a pharmaceutical technician again. Ms. Philumalee advised that her managing pharmacist is aware of her issues in the past.

Board Action:

Motion: Cheryl Blomstrom moved to delay processing of the application for pharmaceutical technician until Ms. Philumalee is evaluated by PRN-PRN, provides proof of dismissal of the charges against her in Wisconsin and her managing pharmacist provides a letter of recommendation to Board staff indicating she/he is aware of Ms. Philumalee’s past.

Second: Kam Gandhi

Action: Passed Unanimously

8. Request for Controlled Substance Registration – Appearance for Possible Action:

David L. Packer, MD

David Packer appeared and was sworn by President Foster prior to answering questions or offering testimony.

Carolyn Cramer reminded the Board that Dr. Packer had applied for a Controlled Substance registration in October 2011. He had pending criminal charges in Florida that he could not address at that time. Dr. Packer entered into a Deferred Prosecution Agreement and now would like to apply for his Controlled Substance registration so he can practice plastic surgery in Nevada. Ms. Cramer advised that Dr. Packer has signed a Stipulated Agreement with the condition that his registration be on probation for a period of two years with restrictions and asked the Board to consider the Agreement before them.

Board Action:
Motion: Jody Lewis moved to approve the application for Controlled Substance registration with the conditions and restrictions in the Stipulated Agreement.

Second: Russ Smith

Action: Passed Unanimously

9. Requests for Practitioner Dispensing Registration – Appearance for Possible Action:

A. Richard L. Bailey, MD

Richard Bailey and Saros Singh, owner of Radiance Med Spa, appeared and were sworn by President Foster prior to answering questions or offering testimony.

Danny Garcia, Board investigator, appeared and was sworn by President Foster prior to answering questions or offering testimony.

Carolyn Cramer asked Mr. Garcia to explain his involvement in this matter. Mr. Garcia indicated that he went in to Radiance and found no doctor present. He impounded HCG, a controlled substance, and other dangerous drugs since there was no physician. It was learned that Ms. Singh was using her ex-husband’s DEA number to order controlled substances from a compounding pharmacy or Allergan for dispensing at the Radiance.

Dr. Bailey explained that he did not know that HCG is a controlled substance in Nevada since he works in Arizona and that he did not realize that he had to be present in the day to day function of Radiance.

The Board advised Dr. Bailey that as the Dispensing Practitioner he was responsible for ordering, receiving, dispensing and securing any drugs that are being sold from Radiance Med Spa. Dr. Bailey indicated that he understands now and will ensure compliance with Nevada’s rules.

Board Action:

Motion: Kam Gandhi moved to accept the application for Dispensing Practitioner for Dr. Bailey.

Second: Cheryl Blomstrom

Action: Passed Unanimously

B. TrimBody MD
TrimBody MD withdrew their application.

10. Request for Reinstatement of Pharmaceutical Technician License – Appearance for Possible Action:

    Rutasha Moore (09-050-PT-S)

Rutasha Moore appeared and was sworn by President Foster prior to answering questions or offering testimony.

NOTE: Jody Lewis recused from participation in this matter as she is employed by CVS.

Ms. Moore began her testimony by trying to explain that she was a 15 year pharmaceutical technician in California and that she was unaware of some of Nevada’s laws, such as Soma being a controlled substance. She also was unfamiliar with obtaining identification from patients in Nevada because it was not necessary in California.

Carolyn Cramer read Ms. Moore’s original written statement to refresh her memory of why she was revoked by the Nevada Board. Ms. Moore had created fraudulent prescriptions for controlled substances, namely hydrocodone 10/500 and Alprazolam 2 mg. tablets, and dispensed them to an unknown person at the drive through window. After she did this, she found an envelope in her apartment for $300.00 and was contacted, advising her that there was more money where that came from.

Board Action:

Motion: Kam Gandhi moved to deny Ms. Moore’s request for reinstatement.

Second: Russ Smith

Action: Passed Unanimously

11. Request to Amend Board Order for Possible Action:

    Chris Peters (10-011-RPH-S)

NOTE: Jack Dalton recused from participation because Mr. Peters was employed by Wal-Mart as is Mr. Dalton.

Chris Peters and Larry Espadero, PRN monitor, appeared and were sworn by President Foster prior to answering questions or offering testimony.
Mr. Peters requested an amendment to his Board Order to allow him to work in the Portland, Oregon area. His current Order restricts his practice of pharmacy to either Las Vegas or Reno and he has an opportunity to work occasionally in Portland.

Mr. Espadero explained that he did not want Mr. Peters working in a rural setting, which is why he recommended the Las Vegas or Reno areas of Nevada. Mr. Espadero indicated that he and the Oregon PRN monitor have worked closely in the past and it would be like Mr. Peters being doubly monitored by both Nevada and Oregon. Mr. Espadero indicated that he approves of Mr. Peters request to amend his current Order.

**Board Action:**

**Motion:** Cheryl Blomstrom moved to approve the amendment to Mr. Peter's current Board Order allowing him to work in the metropolitan area of Portland, Oregon.

**Second:** Kam Gandhi

**Action:** Passed Unanimously

12. Executive Secretary Report for Possible Action:

A. Financial Report
The financial report was addressed under Item 14.

B. Temporary Licenses
There was one temporary license issued since the last Board meeting.

C. Staff Activities
   1. Introduce Shirley and Luis
   Larry Pinson introduced Shirley Hunting to the Board as Jeri Walter’s successor upon her retirement at the end of the year. Luis Curras is the new inspector in Las Vegas replacing Ron Shockey.
   2. CE Presentations: RPD & NAADI
   Mr. Pinson noted that he did two CE presentations for the Reno Police Department, both had 100 to 150 participants and were both well received.
   Mr. Pinson also gave a presentation on prescription drug diversion at the NAADI conference.
   He indicated that he was doing another presentation for the Las Vegas Metropolitan Police Department on July 19th.
   California and Nevada are having a joint meeting of their hospital associations at which he has been asked to speak.
   Pharmacist’s Letter will video Larry Pinson’s October 4th CE in Reno to be included as an online Nevada law CE.
      a. Osteo Association Thank You & Evaluation
   Mr. Pinson presented the Board with a copy of a thank you letter and evaluation of his presentation to the Osteopathic Medical Association.
3. LCHC
Larry Pinson and Carolyn Cramer have been asked to appear and testify on the Legislative Committee on Healthcare at practically every meeting throughout the interim offering recommendations on many of their agenda items.

4. Tech Diversion Committee
The Tech Diversion Committee met, noting that every participant in the group had the same goal of preventing drug diversion by pharmaceutical technicians. No concrete solutions evolved, so Mr. Pinson advised the Board that he will agendize a Discussion and Determination topic on the subject at the September Board meeting.

5. Hospital Regulation Committee
Beth Foster reported that the Hospital Regulation Committee met and are in the process of reviewing the current regulations regarding orders, unit dose and drug storage.

6. CE Committee
   a. Web-IZ
   b. American Association of Clinical Endocrinologists
The CE Committee met and approved the two referenced programs and Mr. Pinson asked the Board for a motion to accept them.

Board Action:

Motion: Russ Smith moved to approve the two continuing education programs.
Second: Kam Gandhi
Action: Passed Unanimously

D. Reports to Board
1. Your Success Rx Report
   a. Pathway Pharmacy
Pathway’s computer system was outdated, however it is now being upgraded so they can no longer delete compounding records. Their Policy and Procedure manual has been revamped. The clean room is now up to standards and pharmacy personnel are going to attend the Star Center program in Colorado.
   b. Bill Locke & Hale’s Pharmacy
Katie Johnson worked with Bill Locke to improve the working conditions in the pharmacy. Mr. Locke recently sold Hale’s and Board staff feels this was a good choice.
   c. Mark Nebeker (Smith’s)
Just before Ms. Johnson began training Mark Nebeker, he had another misfill. After working diligently with him, Mr. Nebeker made numerous adjustments to his pharmacy practice.
2. Your Success RX and Star Center
Katie Johnson is going to attend the Star Center to learn more about compounding.
3. 2013 Board Meeting Dates
Mr. Pinson presented the Board with the 2013 meeting dates.

4. CE Audit Stats
There were 24 pharmacists that failed the 2011 CE audit. Ten did not do Nevada law, six completed between 20 and 30 CE’s, three only completed between 10 and 20 CE’s and five are being invited to the Board to explain why they had only completed between 0 and 10 CE’s.

5. Immunization Report

Mr. Pinson provided a copy of the Immunization Report that Ray Seidlinger prepared for the Board to review.

6. Responding to Unlicensed Health Care in Nevada

Frankie Sue Del Papa prepared a report to Attorney General Catherine Cortez-Masto, the Nevada Public Health Foundation and the Nevada State Health Division on the problem of unlicensed health care in Nevada. Mr. Pinson noted that Ms. Del Papa commended the Board of Pharmacy for helping her in her effort to help with the cross training between health care Boards.

E. Board Related News

1. PARE

Larry Pinson advised that NABP has a new remediation tool, PARE – Pharmacist Assessment for Remediation Evaluation. He provided the Board with information on how to take the 4 ½ hour examination.

2. ISMP Safety Alert

ISMP has issued a safety alert confirming that products in short supply have been compounded in hospital, retail and specialty pharmacies, which has led to serious infection outbreaks due to sterility breeches and other preparation errors.

3. Omnicare Settlement

In a recent DEA news release they reported that Omnicare entered into a $50 million settlement which is the largest controlled substance settlement in history.

4. Cardinal Suspensions

In another DEA press release they reported that in Florida they suspended Cardinal Health’s ability to sell controlled substances for two years in an effort to help prevent prescription drug abuse.

F. Activities Report

13. General Counsel Report for Possible Action:

Carolyn Cramer had no report to make.

14. Budget – Fiscal Year 2012-2013 for Possible Action

Larry Pinson advised the Board that Treasurer, Kirk Wentworth, met with Board staff and worked on the Budget. Mr. Pinson provided a copy to the Board and reviewed it to the Board’s satisfaction and asked for a motion to approve.

Board Action:

Motion: Kam Gandhi moved to approve the Budget as presented.

Second: Jack Dalton
**Action:** Passed Unanimously

15. **Personnel Review for Possible Action**

   **A. Personnel Evaluation**

   Larry Pinson commended his entire staff siting their efficiency and their ability to work together toward Board of Pharmacy common goals. He sited inspection numbers, “licensing turnaround”, public response and several other attributes and accomplishments of all of the staff. With the hiring of new and more staff, one of his goals is to more efficiently assign, investigate and wrap up disciplinary cases.

   Larry Pinson did not recommend any compensation adjustment at this time, however noted that staff had been without raises for five years now. He is worrying about the hiring and retention of our pharmacists in particular, noting that they are being compensated nowhere near the “going rate”.

   **B. Executive Secretary Evaluation**

   President Foster commended the hard work and dedication of Larry Pinson. His leadership is key. He effectively administers the finances and management of the budget. Mr. Pinson is dedicated to educating the public and is always available and responsive to their needs. He is well respected and is in constant demand as a speaker to enlighten other Boards or national groups on various topics.

**WORKSHOP for Possible Action**

16. **Proposed Regulation Amendment Workshop** – The purpose of the workshop is to solicit comments from interested persons on the following general topics that may be addressed in the proposed regulations.

   1. **Amendment of Nevada Administrative Code 630.240** Requirements for registration of pharmaceutical technicians.

   After discussion, the Board determined that the language was acceptable as presented and President Foster asked for a motion.

   **Board Action:**

   **Motion:** Cheryl Blomstrom moved to go forward to Public Hearing as presented.

   **Second:** Jack Dalton

   **Action:** Passed Unanimously

   2. **Amendment of Nevada Administrative Code 639.7105** Electronic transmission of prescriptions listed in schedule II.
President Foster reviewed the regulation amendment for the Board. She indicated that she and Larry Pinson had a conference call with Ken Whittemore at SureScripts and was advised that a prescribers controlled substance number and the date of the last patient examination could be included now as mandatory fields, however they cannot do diagnostic codes right now. Mr. Whittemore indicated that diagnostic codes would be possible in approximately two years or subject to the conclusion of negotiations.

It was suggested that the language presented in 4(c) that reads, *The indication for use or the diagnostic code* end with the words *when available.*

Larry Pinson indicated that Mr. Whittemore was available for a phone call if they would like to include him in this discussion.

Mr. Whittemore was called and he indicated that force fields are available now for the CS numbers and they can be validated, however he was not as firm with his conviction as he was when he was speaking with President Foster and Mr. Pinson regarding the date of the last examination. He indicated that the date of the last examination could not be validated now, however if Nevada made it a law, it could be a force field in about 18 months.

Larry Pinson noted that the Board should not toss out the language as presented, but to amend it to include “when it becomes available.”

Larry Matheis, with the Nevada State Medical Association, appeared and strongly supports CII electronic prescribing, but noted that there is great upheaval in the healthcare industry at this time and there are going to be a lot of changes in technology for probably the next several years, and the Board should keep that in mind.

Liz Macmenamin appeared and noted that the Board is moving in the right direction and thanked them for their hard work.

**Board Action:**

**Motion:** Russ Smith moved to go forward to Public Hearing with language indicating when it becomes technologically available.

**Second:** Jody Lewis

**Action:** Passed Unanimously

17. **Next Board Meeting:**

   September 5-6, 2012 – Reno

18. **Public Comments and Discussion of and Deliberation Upon Those Comments:**

   No vote may be taken upon a matter raised under this item of the agenda until
the matter itself has been specifically included on an agenda as an item upon which action will be taken. (NRS 241.020)

BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

NOTICE OF INTENDED ACTION
AND ACCUSATION

BRIAN T. VU, R.PH
Certificate of Registration No.: 17718
Respondent.

Case No. 12-040-RPH-N

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of the Nevada State Board of Pharmacy, and makes the following that will serve as both a notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter because Respondent Vu is a registered pharmacist with the Board.

II.

Mr. Vu checked his pharmacist license renewal application indicating he had completed 30 CEU’s. During a random continuing education audit it was revealed he had not completed any CE units between November 1, 2009 and October 31, 2011. On February 28, 2012 Mr. Vu submitted 50 CE’s, including one Nevada law CE, all dated in 2012.

FIRST CAUSE OF ACTION

III.

By indicating on his renewal application that he had completed 30 CEU’s during the biennial period November 1, 2009 to October 31, 2011 when he actually had not completed any CEU’s, Mr. Vu violated NRS 639.210(4) and (9) and 639.2174(2) and Nevada Administrative Code (NAC) 639.330 and 639.390.

-1-
WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 27th day of June, 2012.

Larry L. Pinson, Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements regarding your certificate of registration. To do so, you must mail to the Board within 15 days of your receipt of this Notice of Intended Action and Accusation a written statement showing your compliance.
BEFORE THE NEVADA STATE BOARD OF PHARMACY

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

BRIAN T. VU, R.PH
Certificate of Registration No.: 17718
Respondent.

Case No. 12-040-RPH-N

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

I.

Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B, a Notice of Intended Action and Accusation has been filed with the board by the Petitioner, Larry L. Pinson, Executive Secretary for the board, alleging grounds for imposition of disciplinary action by the board against you, as is more fully explained and set forth in the Notice of Intended Action and Accusation served herewith and hereby incorporated reference herein.

II.

You have the right to a hearing before the Nevada State Board of Pharmacy to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. Should you desire a hearing, it is required that you complete two copies of the Answer and Notice of Defense documents served herewith and file said copies with the Nevada State Board of Pharmacy within fifteen (15) days of receipt of this Statement and Notice, and of the Notice of Intended Action and Accusation served within.
The Board has reserved Wednesday, September 5, 2012 as the date for a hearing on this matter, at the Hyatt Place, 1790 East Plumb Lane, Reno, Nevada. The hour of the hearing will be set by letter to follow.

IV

Failure to complete and file your Notice of Defense with the board and thereby request a hearing within the time allowed shall constitute a waiver of your right to a hearing in this matter and give cause for the entering of your default to the Notice of Intended Action and Accusation filed herein, unless the board, in its sole discretion, elects to grant or hold a hearing nonetheless.

DATED this 27th day of June, 2012.

Respondent.

Case No. 12-040-RPH-N

Respondent above named, in answer to the Notice of Intended Action and
Accusation filed in the above-entitled matter before the Nevada State Board of
Pharmacy, declares:

1. That his objection to the Notice of Intended Action and Accusation as being
   incomplete or failing to state clearly the charges against him, is hereby interposed on
   the following grounds: (State specific objections or insert "none").
2. That, in answer to the Notice of Intended Action and Accusation, he admits, denies and alleges as follows:

I hereby declare, under penalty of perjury, that the foregoing Answer and Notice of Defense, and all facts therein stated, are true and correct to the best of my knowledge.

NEVADA STATE BOARD OF PHARMACY,

Petitioner,

v.

ANTENEH WOLDETSADIK, R.PH
Certificate of Registration No. 17801

CVS #8780
Certificate of Registration No. PH01619

Respondents.

________________________________________

COMES NOW Larry L. Pinson, in his official capacity as Executive Secretary of
the Nevada State Board of Pharmacy, and makes the following that will serve as both a
notice of intended action under Nevada Revised Statutes (NRS) 233B.127(3) and as an
accusation under NRS 639.241.

I.

The Nevada State Board of Pharmacy has jurisdiction over this matter and these
Respondents because Respondent Anteneh Woldetsadik, RPh, (Certificate Number
17801) is a registered pharmacist with the Board and Respondent CVS #8780 is a
pharmacy licensed by the Board, located at 10400 West Charleston Boulevard, Las
Vegas, Nevada.

II.

On or about April 13, 2011 Board staff received a complaint from Dr. Brian Le on
behalf of his patient T.K. Dr. Le alleged that he prescribed #20 Xanax 1 mg. tablets
with directions to take 0.5 tablet by mouth twice a day as needed for anxiety. Patient K
had taken Xanax before this prescription was written by Dr. Le, however the physician
Patient K had been seeing for her treatment had his license suspended by the DEA.
Dr. Le was a new physician and he reduced the dosage for Patient K from one tablet
twice a day to 0.5 tablet twice a day.

-1-
III.

During the investigation of this matter it was learned that a pharmaceutical technician generated the fill for Patient K from the old prescription that still had a refill rather than from Dr. Le’s new prescription and she did not notice the change in dosing directions. The pharmaceutical technician did not scan the new prescription into the pharmacy computer system. When Mr. Woldetsadik verified the prescription he did not have the original prescription written by Dr. Le to view, and he verified from the patient profile, confident that Patient K was receiving the correct medication, just a lesser quantity.

**FIRST CAUSE OF ACTION**

IV.

By verifying and dispensing a prescription for Xanax 1 mg. tablets with incorrect dosing instructions for Patient K, Mr. Woldetsadik violated Nevada Revised Statutes (NRS) 639.210(4) and/or Nevada Administrative Code (NAC) 639.945(1)(i).

**SECOND CAUSE OF ACTION**

IX.

By failing to research why the original new prescription was not scanned into the CVS computer system so he could verify that the pharmaceutical technician’s work was accurate, Mr. Woldetsadik violated NRS 639.210(4) and/or NAC 639.702 and/or 639.945(1)(i).

**THIRD CAUSE OF ACTION**

X.

In owning and operating the pharmacy in which Mr. Woldetsadik committed the above violations, CVS #8780 violated NRS 639.210(4) and/or NAC 639.702 and/or NAC 639.945(1)(i) and (2).
WHEREFORE it is requested that the Nevada State Board of Pharmacy take appropriate disciplinary action with respect to the certificate of registration of the Respondent.

Signed this 11th day of April, 2012.

Larry L. Pinson, Executive Secretary
Nevada State Board of Pharmacy

NOTICE TO RESPONDENT

You have the right to show the Nevada State Board of Pharmacy that your conduct, as alleged above, complies with all lawful requirements regarding your certificate of registration. To do so, you must mail to the Board within 15 days of your receipt of this Notice of Intended Action and Accusation a written statement showing your compliance.

STATEMENT TO THE RESPONDENT NOTICE OF INTENDED ACTION AND ACCUSATION RIGHT TO HEARING

ANTENEH WOLDETSADIK, R.PH
Certificate of Registration No. 17801

Respondent.

Case No. 11-042-RPH-S

TO THE RESPONDENT ABOVE-NAMED: PLEASE TAKE NOTICE THAT:

I. 

Pursuant to the authority and jurisdiction conferred upon the Nevada State Board of Pharmacy by NRS 639.241 to NRS 639.2576, inclusive, and NRS chapter 233B, a Notice of Intended Action and Accusation has been filed with the board by the Petitioner, Larry L. Pinson, Executive Secretary for the board, alleging grounds for imposition of disciplinary action by the board against you, as is more fully explained and set forth in the Notice of Intended Action and Accusation served herewith and hereby incorporated reference herein.

II. 

You have the right to a hearing before the Nevada State Board of Pharmacy to answer the Notice of Intended Action and Accusation and present evidence and argument on all issues involved, either personally or through counsel. Should you desire a hearing, it is required that you complete two copies of the Answer and Notice of Defense documents served herewith and file said copies with the Nevada State Board of Pharmacy within fifteen (15) days of receipt of this Statement and Notice, and of the Notice of Intended Action and Accusation served within.

-1-
The Board has reserved Wednesday, July 18, 2012 as the date for a hearing on this matter at the Las Vegas Chamber of Commerce, 6671 Las Vegas Boulevard South, Las Vegas, Nevada. The hour of the hearing will be set by letter to follow.

IV.

Failure to complete and file your Notice of Defense with the board and thereby request a hearing within the time allowed shall constitute a waiver of your right to a hearing in this matter and give cause for the entering of your default to the Notice of Intended Action and Accusation filed herein, unless the board, in its sole discretion, elects to grant or hold a hearing nonetheless.

Franck's Compounding Pharmacy Sterile Preparations: Reports of Fungal Endophthalmitis, Expanded Recall

[Posted 05/24/2012]

AUDIENCE: Ophthalmology, Urology, Primary Care, Pharmacy

ISSUE: FDA is notifying all physicians and medical care organizations who have ordered any compounded product sold as a sterile preparation by Franck's Compounding Pharmacy of Ocala, Florida, of the recall of all sterile products sold by Franck's since November 2011 due to the possibility of lack of sterility.

BACKGROUND: The recall is being carried out to the user/physician level. An active investigation of this matter by the CDC and FDA is ongoing at this time. In March 2012, FDA received reports of fungal endophthalmitis (eye infections) in patients who were given Brilliant Blue G (BBG), supplied by Franck's Pharmacy, during eye surgeries. Clinicians in several states reported the adverse events. In April 2012, FDA received reports of eye infections in patients who were given injections of Franck's drug products containing triamcinolone during eye surgery.

RECOMMENDATIONS: FDA advises that any product received from Franck's since November 2011 not be used and customer/physicians follow the instructions provided by Francks. FDA also recommends that any adverse events suspected to be associated with use of the products be reported to FDA:

- Complete and submit the report Online: www.fda.gov/MedWatch/report.htm
- Download form or call 1-800-332-1088 to request a reporting form, then complete and return to the address on the pre-addressed form, or submit by fax to 1-800-FDA-0178

Notes from the Field: Multistate Outbreak of Postprocedural Fungal Endophthalmitis Associated with a Single Compounding Pharmacy – United States, March–April 2012

Weekly
May 4, 2012 / 61(17):310-311

On March 5, 2012, the California Department of Public Health was notified of nine cases of clinically diagnosed fungal endophthalmitis at a single California ambulatory surgical center. The initial investigation, led by the Los Angeles County Department of Public Health, determined that in all cases patients had undergone vitrectomy with epidural membrane peeling using a dye called Brilliant Blue-G (BBG) from Franck’s Compounding Lab, Ocala, Florida. This investigation has since expanded to involve intravitreal injection of triamcinolone-containing products from Franck’s, an overall total of 33 cases in seven states, and collaboration between state and local health departments, CDC, and the Food and Drug Administration (FDA). This report describes the current investigative findings. Clinicians should be aware of the ongoing investigation and should avoid use of compounded products labeled as sterile from Franck’s during this ongoing investigation.

A probable case is defined as ophthalmologist-diagnosed fungal endophthalmitis occurring in a patient who underwent an invasive ophthalmic procedure, including but not limited to vitrectomy, corneal surgery, or intravitreal injections on or after August 23, 2011, the production date of the contaminated BBG lot. Confirmed cases meet criteria for probable infection and also have fungi identified from the affected eye by culture, genetic sequencing, or histopathology. Active case-finding in this investigation has included calls for cases through Epi-X postings, FDA MedWatch alerts, ClinMicroNet microbiology laboratories, e-mails sent to all members of two professional ophthalmology societies, and state and local health alerts.

As of April 30, a total of 33 confirmed and probable cases have been identified, with earliest onset of symptoms in November 2011. Of these, 20 cases (13 probable and seven confirmed) are associated with BBG dye use, and 13 (two probable and 11 confirmed) are associated with triamcinolone use. All BBG or triamcinolone products administered to patients reportedly were purchased from Franck’s. All available isolates from the seven confirmed cases associated with BBG dye use were identified by culture or genetic sequencing as the mold Fusarium incarnatum-equiseti species complex. All available isolates from the 11 confirmed cases that occurred following intravitreal injection of triamcinolone-containing products have been identified as the mold Bipolaris hawaiiensis. Both Fusarium and Bipolaris are ubiquitous molds present in air, soil, and water. Among the 30 patients for whom data are available, 23 (77%) have suffered some degree of vision loss, ranging from partial to severe, or worsened vision because of infection; 24 (80%) have required repeat ophthalmic surgery.

Culture of unopened bottles and intact (unused, pharmacy-prepared) syringes of BBG dye collected by FDA yielded multiple bacterial and fungal species, including F. incarnatum-equiseti species complex, Rhodotorula, Bullera, Pseudomonas, and Enterobacter species. Microbiologic testing of triamcinolone-containing products from Franck’s is ongoing. On March 9, Franck’s recalled all BBG dye lots; on March 31, a single lot of triamcinolone was recalled. The investigation to identify the root cause of product contamination is ongoing. The pharmacy has not recalled or halted production of other sterile compounded products, which, in addition to ophthalmic preparations, include...
chemotherapy and numerous other medications administered by injection (including intrathecal and epidural), inhalation, and intranasal routes.

Postprocedural endophthalmitis is uncommon, complicating 0.04% of either intravitreal injections or pars plana vitrectomies (1,2). The majority of these infections are bacterial; fungal infection is rare and often is diagnosed only after a patient has failed empiric antibacterial therapy. Clinicians are encouraged to be vigilant for postprocedure adverse events, particularly among patients who have received a product labeled as sterile from Franck’s, and should consider methods to confirm and treat possible fungal infection.

Compounding pharmacies, which combine or alter medications from standard preparations, provide needed formulations that often are not available from pharmaceutical companies. Compounded sterile preparations must be prepared according to aseptic practices recommended by organizations such as the United States Pharmacopeia, as stated in United States Pharmacopeia-National Formulary (3). However, contamination of compounded sterile preparations has caused outbreaks. Since 1990, FDA has learned of approximately 200 adverse events associated with 71 compounded products (4). A recent outbreak of bacterial endophthalmitis following intravitreal injection of contaminated bevacizumab occurred after breaches in aseptic technique at a different compounding pharmacy (5).

Because of the seriousness of endophthalmitis and because the full extent of the outbreak and root cause of contamination remain unknown, CDC recommends that, at this time, clinicians avoid use of compounded products labeled as sterile from Franck’s. Health-care providers should maintain a heightened suspicion for infections among patients who received compounded products labeled as sterile from Franck’s and should report suspected infections to their local and state health departments for further investigation. Patients also should avoid use of compounded products labeled as sterile from Franck’s and report adverse events or suspected infections promptly to their physician.

Brilliant Blue G Compounded by Franck's: Recall of Unapproved Drug - Ongoing Investigation of Fungal Endophthalmitis Cases

[UPDATED 05/04/2012] The Centers for Disease Control and Prevention (CDC) has advised healthcare personnel to avoid use of compounded products labeled as sterile from Franck's during the ongoing investigation.

[UPDATED 04/20/2012] FDA issues second warning to physicians regarding certain compounded drugs from Franck's. FDA received reports of eye infections in patients who were given injections of drug products containing triamcinolone during eye surgery.

[Posted 03/19/2012]

AUDIENCE: Ophthalmology, Risk Manager

ISSUE: FDA has received reports of fungal endophthalmitis (eye infections) in patients who were given Brilliant Blue G (BBG), supplied by Franck's Pharmacy, during eye surgeries. Clinicians in several states reported the adverse events. FDA, along with CDC and local and state public health agencies, are actively investigating these adverse events.

BACKGROUND: The BBG was supplied by Franck's Compounding Lab, Ocala, Florida. Franck's Pharmacy issued a recall on March 9, 2012, of all lots of Brilliant Blue G and issued a recall letter (link below). Brilliant Blue G is not an approved drug in the U.S.

RECOMMENDATION: Immediately quarantine and return any remaining Brilliant Blue G product from Franck's Compounding Lab. This includes all lots of Brilliant Blue G received from Franck's.

FDA requests that practitioners report to MedWatch any cases of endophthalmitis, fungal or bacterial, that occurred within the last six months, associated with eye surgery in which Brilliant Blue G from any source was used.

Healthcare professionals and patients are encouraged to report adverse events or side effects related to the use of these products to the FDA's MedWatch Safety Information and Adverse Event Reporting Program:

- Complete and submit the report Online: [www.fda.gov/MedWatch/report.htm](http://www.fda.gov/MedWatch/report.htm)
- Download form or call 1-800-332-1088 to request a reporting form, then complete and return to the address on the pre-addressed form, or submit by fax to 1-800-FDA-0178

To whom it may concern,

This is a brief explanation for page 3 question number two. **Has the corporation, any owner(s) shareholder(s) or partner(s) with any interest, ever been denied a license, permit or certificate of registration?**

I was denied a Board of Pharmacy License on January 19, 2012 because I was a licensed Respiratory Therapist trying to open a 100% ownership for DME in Las Vegas.

Should you have any questions or concern, please call me directly at 702-374-2720.

Thank you,

### PERSONAL HISTORY RECORD

Given the nature of the document, it appears to be a form that requires personal information. The form includes sections for personal details such as name, address, date of birth, and occupation. It also includes questions about citizenship, marital status, and other relevant personal information.

### GENERAL INSTRUCTIONS

- Type an answer to every question. If a question does not apply to you, state with N/A. If space available is insufficient, continue on page 10 or use a separate sheet and precede each answer with the appropriate title. Do not misstate or omit any material facts as each statement made herein is subject to verification. Applicant must initial each page, as provided in lower right hand corner. By placing his initials on each page, the applicant is attesting to the accuracy and completeness of the information contained on that page.
- All applicants are advised that this personal history record is an official document and misrepresentation or failure to reveal information requested may be deemed to be sufficient cause for the refusal or revocation of a license.
- All applicants are further advised that an application for a license, finding of suitability or for other action may not be withdrawn without the permission of the licensing agency.

Second: Cheryl Blomstrom

Action: Passed Unanimously

B. RespMed, Inc. – North Las Vegas

Robert Scholl appeared and was sworn by President Foster prior to answering questions or offering testimony.

Mr. Scholl explained that he is a respiratory therapist presently, however will be the facility administrator for RespMed if the application is approved. It was brought to Mr. Scholl’s attention that in Nevada a healthcare professional cannot own more than 10% of an MDEG business. His wife, an RN, would only be allowed to be a 10% owner. Mr. Scholl indicated that he would put his Respiratory Therapist license in abeyance and become a 90% owner. He has a friend that is a respiratory therapist who could become the RT of record.

Board Action:

Motion: Kam Gandhi moved to approve the application for RespMed providing they submit an amended application.

Second: Russ Smith

Action: Passed Unanimously

C. State Medical Equipment – Las Vegas

May Cuenca, owner, and Alberto Ramos, administrator, appeared and were sworn by President Foster prior to answering questions or offering testimony.

The Board questioned Mr. Ramos regarding his experience with MDEG products. Mr. Ramos explained that he would be taking courses to become certified for administering diabetic supplies and he was not particularly knowledgeable in ostomy and urostomy supplies but it was his intention to learn. It was explained to Mr. Ramos that he needed to be knowledgeable in all the products he and Ms. Cuenca would be selling to ensure patient safety and until he became certified for those products the Board would feel comfortable granting a license only for assistive equipment and orthotics and prosthetics. They invited Mr. Ramos to return to the Board as he becomes familiar with the other products and obtains certification, and ask for inclusion of those products at a later date.

Board Action:

Motion: Cheryl Blomstrom moved to approve the application for State Medical Equipment for assistive equipment and orthotics and prosthetics only.
DISCUSSION AND DETERMINATION – SEPTEMBER 2012

MECHANICAL COUNTING DEVICES

NAC 639.725 (see attached)

Last meeting we had a case involving the errant filling a Baker Cell device. Our investigation found that the labeling of that device was not in compliance with the above referenced NAC and further that there were no records kept to document and identify what drugs had been in that device prior to this misfill (they were destroyed). Staff had to piece together employee duty logs and rely on pharmacy staff memory to see who was working that day and who might have filled that cell incorrectly. Staff feels that such information should be well documented and readily available as are all pharmacy records. In reviewing NAC 639.725, staff proposes that the following changes be made to that regulation:

1) (1)(a) the DATE of last filling be added
2) (1)(b) the DATE of last filling be added
3) (1)(b) the log that is required be maintained for two years as are all other pharmacy records
(f) The device must be located in such a place and manner that a person is unable to remove it from the hospital, and that attempts to obtain access to the device without authorization are visible to employees of the hospital.

(g) Before the device is used to furnish a drug or medicine directly to a patient pursuant to paragraph (c), the manufacturer of the device must appear before the Board for its approval of that use of the device and submit evidence satisfactory to the Board that the device:

1. Furnishes drugs and medicines accurately; and
2. Otherwise satisfies the provisions of this subsection.

7. As used in this section, "medical facility" has the meaning ascribed to it in NRS 449.0151.

NAC 639.725 Use of mechanical counting device for dispensing medication to be taken orally. (NRS 639.070, 639.2655, 639.2801)

1. A mechanical counting device that is used by a pharmacy for dispensing medication to be taken orally must use one of the following methods to identify the contents of the device:

(a) The following information must be affixed to the front of each cell of the device:

1. The generic name or trade name of the medication;
2. The manufacturer of the medication;
3. The strength of the medication;
4. The expiration date of the medication;
5. The lot number of the medication; and
6. The initials of the pharmacist who:
   (I) Placed the medication into the device; or
   (II) Verified the correctness of the drug placed into the device when the drug was placed by a pharmaceutical technician, a pharmaceutical technician in training or an intern pharmacist; or

(b) A label that shows the generic name or trade name and the strength of the medication must be affixed to each cell of the device and a log must be kept for each cell which contains:

1. An identification of the cell by the name of the medication or the number of the cell;
2. The name of the manufacturer of the medication;
3. The expiration date of the medication;
4. The lot number of the medication;
5. The amount of the medication placed in the device; and
6. The initials of the pharmacist who:
   (I) Placed the medication into the device; or
   (II) Verified the correctness of the drug placed into the device when the drug was placed by a pharmaceutical technician, a pharmaceutical technician in training or an intern pharmacist.

2. The Board may prohibit a pharmacy from using a mechanical counting device for dispensing medication to be taken orally if the pharmacy does not identify the contents of the device in accordance with the provisions of subsection 1.

PHARMACY TECHNICIAN DIVERSION IN PHARMACIES

The continued diversion of controlled substances by pharmacy technicians remains troublesome for all of us. As you are all aware, staff hosted a committee of representatives throughout our industry as well as law enforcement and the Retail Association to address this situation. Two meetings were held with really nothing more than frustration among all of us coming forth in attempting to find a solution. All involved recognize the problem and all involved wish to curtail it.

The Board of Pharmacy is charged with the enforcement of compliance with our chapter of law as well as federal law (see attached sections of law). NAC 453.400 makes it very clear that registrants (pharmacists and pharmacies) must "establish and maintain effective controls and procedures to prevent or guard against theft and misuse of controlled substances". You have all lived the numbers. Just last meeting we revoked one tech who had gotten out with 15 pint bottles of promethazine with codeine, 21X500 bottles of hydrocodone/APAP of different strengths, 8X100 of hydrocodone/APAP, 25X100 bottles of alprazolam as well as some zolpidem and phentermine and was trafficking them through someone she had met in a bar. A second tech admitted to stealing for her boyfriend 40 pints of promethazine with codeine and 5X500 hydrocodone/APAP. This is just the last meeting and quite frankly, these numbers are simply unacceptable.

So what happens? The tech gets fired and moves on; the police maybe charge "embezzlement" and the pharmacists and pharmacies that are supposed to "establish and maintain effective controls and procedures" are not held accountable by this Board. So what to do? Can we continue to allow such activity? Are we doing our job of enforcing our statutes and regulations?

Once again I will list the considerations that have been discussed by all of us as well as the tech diversion committee, and once again staff asks that you seriously consider some action:

1) Should we be charging the pharmacy where the diversion took place in consideration of NAC 453.400 and CFR 1301.71?  
   a. What about repeated diversion in one pharmacy?
2) Should we be charging the "pharmacist in charge" for the same?
3) Should we be requiring a perpetual inventory of controlled substances (or maybe at least for the more problematic drugs)?
4) Should we require that only a pharmacist may order and receive controlled substances?
5) Should we require that all pharmacy techs be certified (CphT) and would that make a difference?
6) Should we encourage all pharmacies to make it store policy to disallow any possession of drugs in the pharmacy bathroom?
NRS 453.241 Administrative proceedings to deny, suspend or revoke registration.
1. Administrative proceedings by the Board to deny, suspend or revoke a registration must be initiated, conducted and concluded pursuant to the provisions of NRS 639.241 to 639.257, inclusive, without regard to any criminal prosecution or other proceeding, but instead of the methods of discipline provided in paragraphs (c) and (d) of subsection 1 of NRS 639.255, the Board shall:
   (a) Suspend the right of the registrant to use his registration or a schedule thereof; or
   (b) Revoke the registration or a schedule thereof.
2. Proceedings to refuse renewal of registration do not abate the existing registration, which remains in effect pending the outcome of the administrative hearing.
3. The Board may suspend, before the hearing, any registration with the institution of proceedings under NRS 453.236, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension continues in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the Board or dissolved by a court of competent jurisdiction. In the event of such a suspension the Board shall conduct a hearing at the earliest possible date, but in any event, the hearing must be conducted no later than 15 days after the date of suspension unless a continuance is requested by the registrant or the registrant otherwise prevents the holding of the hearing.
(Added to NRS by 1971, 2011; A 1977, 73; 1979, 1664; 1991, 1657)

NRS 453.246 Recordkeeping and inventory requirements for registrants. Persons registered to dispense controlled substances pursuant to the provisions of NRS 453.011 to 453.552, inclusive, shall keep records and maintain inventories in conformance with the recordkeeping and inventory requirements of state and federal law and with any additional regulations the Board issues.

ADMINISTRATIVE REGULATIONS.
Inventory and recordkeeping requirements, NAC 453.475-453.488

NRS 453.251 Order forms. Controlled substances listed in schedules I and II may be distributed by a registrant or licensed pharmacy to another registrant or licensed pharmacy only pursuant to an order form and may be received by a registrant only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section.

NRS 453.256 Prescriptions; requirements for dispensing certain substances; penalty.
1. Except as otherwise provided in subsection 2, a substance included in schedule II must not be dispensed without the written prescription of a practitioner.
2. A controlled substance included in schedule II may be dispensed without the written prescription of a practitioner only:
   (a) In an emergency, as defined by regulation of the Board, upon oral prescription of a practitioner, reduced to writing promptly and in any case within 72 hours, signed by the practitioner and filed by the pharmacy.
   (b) Upon the use of a facsimile machine to transmit the prescription for a substance included in schedule II by a practitioner or a practitioner's agent to a pharmacy for:
MISCELLANEOUS PROVISIONS

NRS 453.568  Report of loss or theft of controlled substance. All loss or theft of controlled substances must be reported on forms provided by the Division to the Board and Division within 10 days after the date of discovery of the theft or loss.

NRS 453.570  Amount of controlled substance needed to sustain conviction for prohibited offense. The amount of a controlled substance needed to sustain a conviction of a person for an offense prohibited by the provisions of NRS 453.011 to 453.552, inclusive, is that amount necessary for identification as a controlled substance by a witness qualified to make such identification.

NEVADA CASES.

Before enactment of section, intent necessary to establish crime of possession could not exist when amount was so small as to be incapable of being applied to any use. In a prosecution for unlawful possession of marijuana in violation of former NRS 453.030 (cf. NRS 453.336), which took place before enactment of former NRS 453.345 (cf. NRS 453.570), governing the amount of a narcotic necessary to sustain a conviction for a prohibited offense, conviction was reversed on appeal where the quantity allegedly possessed consisted of 17 marijuana seeds which the state’s expert testified were useless as a narcotic. The intent necessary to establish a crime of possession could not exist when the amount was so small as to be incapable of being applied to any use. Watson v. State, 88 Nev. 196, 495 P.2d 365 (1972), cited, Beutler v. State, 88 Nev. 707, at 708, 504 P.2d 699 (1972), distinguished, Sheriff, Clark County v. Benson, 89 Nev. 160, at 162, 509 P.2d 554 (1973), Dickson v. State, 108 Nev. 1, at 4, 822 P.2d 1122 (1992) (dissenting opinion).

Circumstances provided evidence of intent independent of quantity of substance. Defendant was properly ordered to stand trial for possession of a controlled substance (see NRS 453.336) where the offense was committed after the effective date of the Uniform Controlled Substances Act and the amount of the substance possessed was sufficient for identification as a controlled substance by an expert witness pursuant to NRS 453.570, even though it was not a usable amount, since the circumstances provided the evidence of intent required by NRS 193.190 independent of the quantity of the substance. NRS 453.575  Fee for analysis of controlled substance or other substance or drug: Inclusion in sentence of offender; distribution and use of proceeds.

1. If a defendant pleads guilty or guilty but mentally ill to, or is found guilty or guilty but mentally ill of, any violation of this chapter and an analysis of a controlled substance or other substance or drug was performed in relation to his case, the court shall include in the sentence an order that the defendant pay the sum of $60 as a fee for the analysis of the controlled substance or other substance or drug.

2. Except as otherwise provided in this subsection, any money collected for such an analysis must not be deducted from, and is in addition to, any fine otherwise imposed by the court and must be:
   (a) Collected from the defendant before or at the same time that the fine is collected.
   (b) Stated separately in the judgment of the court or on the court’s docket.

3. The money collected pursuant to subsection 1 in any district, municipal or justice court must be paid by the clerk of the court to the county or city treasurer, as appropriate, on or before the fifth day of each month for the preceding month.

4. The board of county commissioners of each county shall by ordinance create in the county treasury a fund to be designated as the fund for forensic services. The governing body of each city shall create in the city treasury a fund to be designated as the fund for forensic services.

NAC 453.410 Dispensing of controlled substances by practitioner. (NRS 453.221, 453.246, 639.070)

1. A practitioner, as defined in subsections 1 and 2 of NRS 453.126, who is registered with the Board to possess and dispense controlled substances and dispenses the substances for use by the practitioner's patients outside his or her presence, shall:

   (a) Keep complete, accurate and readily retrievable records of all controlled substances so dispensed. Each written prescription must be serially numbered and kept in numerical order.

   (b) Ensure that each record of a controlled substance which is dispensed contains the:

      (1) Name of the patient and, if not readily available from the practitioner's records, the patient's address.

      (2) Name, strength and quantity of the controlled substance dispensed.

      (3) Date the controlled substance was dispensed.

      (4) Name of the prescribing practitioner and the classification of his or her license.

      (5) Practitioner's registration number issued by the Drug Enforcement Administration of the United States Department of Justice.

      (6) Initials of the dispensing practitioner, if the dispensing practitioner did not prescribe the controlled substance.

      (7) Directions for use.

      (8) Signature of the prescribing practitioner.

   The practitioner shall provide this information to an agent of the Board upon request.

   (c) Maintain a separate file for the records concerning the purchase of each controlled substance listed in schedule II and a separate file for the records concerning the dispensing of each controlled substance listed in schedule II. Each prescription for a controlled substance or dangerous drug must be maintained in a separate file pursuant to the requirements set forth in NAC 453.480.

   (d) Keep all controlled substances and dangerous drugs in a locked storage area. Access to the storage area must be restricted to the persons described in NRS 453.375.

   (e) Ensure that each package or container in which a controlled substance is dispensed, except samples in the manufacturer's packages, is clearly labeled pursuant to the requirements set forth in NRS 639.2801.

   (f) Ensure that the package or container in which a controlled substance or dangerous drug is dispensed complies with all state and federal packaging requirements.
NAC 639.520 Security of prescription departments. (NRS 639.070)

1. The prescription department of every pharmacy must be separated from the merchandising or public areas of the premises by a barrier extending not less than 5 feet above the floor level and of sufficient width to make dangerous drugs, controlled substances, narcotics, poisons or restricted devices inaccessible to unauthorized persons. The barrier must be constructed of solid material and contain at least one gate or door permitting access by the pharmacist. Each gate or door must be secured by a dead-bolt lock that can be opened from the outside only by a key. The gate or door may be secured by a combination lock during the hours of business.

2. The registered pharmacist on duty:
   (a) Shall maintain possession of the key to the prescription department. Any additional keys to the prescription department must be kept in a locked box which is:
       (1) Operated with a key that is accessible to only licensed pharmacists within the pharmacy department; and
       (2) Maintained in a secure place that is inaccessible to unauthorized persons.
   (b) Is responsible for securing the prescription department at all times when the registered pharmacist is not personally present in the department except when he or she is in the immediate area and can observe and exercise control over the prescription department.
   (c) If the pharmacy is located within a store or business, shall ensure that all dangerous drugs, controlled substances, narcotics, poisons and restricted devices that are delivered onto the premises of the store or business are immediately placed and secured in the pharmacy department under the physical control of the pharmacist on duty.

3. The Executive Secretary may permit an alternative type of physical security if, in his or her opinion, the alternative type will be sufficient to make the drugs, controlled substances, narcotics, poisons and restricted devices inaccessible to any unauthorized person.

4. Except as otherwise provided by law or regulation, no person other than a registered pharmacist may enter the prescription department of a pharmacy unless the person is on business directly concerning the operation, maintenance or repair of the prescription department and a pharmacist employed in the prescription department is physically present at the same time.

5. Except as otherwise provided in subsection 6 or 7, a pharmacy shall maintain on its premises an alarm system that is operational 24 hours a day and that is monitored by a central station for control which is approved by Underwriters Laboratories Inc.

6. Except as otherwise provided in subsection 7, a pharmacy that is located within a building in which at least one employee of the person who owns the building is present 24 hours a day may, in lieu of the alarm system required pursuant to subsection 5, maintain on the premises of the pharmacy an alarm system that is:
   (a) Equipped with an audible alarm that is:
       (1) Operational 24 hours a day;
       (2) Of sufficient decibels to alert more than one person in the building that an unauthorized entry has been made into the pharmacy; and
       (3) Devised in such a manner as to provide notification to the managing pharmacist or the designee of the managing pharmacist when such an authorized entry has been made; and
   (b) Not monitored by a central station for control.

7. A pharmacy in a hospital or correctional institution and any pharmacy that is staffed 24 hours a day is exempt from the provisions of subsections 5 and 6.

the Special Agent in Charge waives this time limitation in individual instances), the following information:

(1) The name, address, registration number, and authorized business activity of the registrant discontinuing the business (registrant-transferor);

(2) The name, address, registration number, and authorized business activity of the person acquiring the business (registrant-transferee);

(3) Whether the business activities will be continued at the location registered by the person discontinuing the business, or moved to another location (if the latter, the address of the new location should be listed);

(4) Whether the registrant-transferor has a quota to manufacture or procure any controlled substance listed in Schedule I or II (if so, the basic class or class of the substance should be indicated); and

(5) The date on which the transfer of controlled substances will occur.

(c) Unless the registrant-transferor is informed by the Special Agent in Charge, before the date on which the transfer was stated to occur, that the transfer may not occur, the registrant-transferor may distribute (without being registered to distribute) controlled substances in his/her possession to the registrant-transferee in accordance with the following:

(1) On the date of transfer of the controlled substances, a complete inventory of all controlled substances being transferred shall be taken in accordance with §1304.11 of this chapter. This inventory shall serve as the final inventory of the registrant-transferor and the initial inventory of the registrant-transferee, and a copy of the inventory shall be included in the records of each person. It shall not be necessary to file a copy of the inventory with the Administration unless requested by the Special Agent in Charge. Transfers of any substances listed in Schedule I or II shall require the use of order forms in accordance with part 1305 of this chapter.

(2) On the date of transfer of the controlled substances, all records required to be kept by the registrant-transferor with reference to the controlled substances being transferred, under part 1305 of this chapter, shall be trans-ferred to the registrant-transferee. Responsibility for the accuracy of records prior to the date of transfer remains with the transferor, but responsibility for custody and maintenance shall be upon the transferee.

(3) In the case of registrants required to make reports pursuant to part 1304 of this chapter, a report marked "Final" will be prepared and submitted by the registrant-transferor showing the disposition of all the controlled substances for which a report is required; no additional report will be required from him, if no further transactions involving controlled substances are consummated by him. The initial report of the registrant-transferee shall account for transactions beginning with the day next succeeding the date of discontinuance or transfer of business by the transferor-registrant and the substances transferred to him shall be reported as receipts in his/her initial report.

SECURITY REQUIREMENTS

§ 1301.71 Security requirements generally.

(a) All applicants and registrants shall provide effective controls and procedures to guard against theft and diversion of controlled substances. In order to determine whether a registrant has provided effective controls against diversion, the Administrator shall use the security requirements set forth in §§1301.72-1301.76 as standards for the physical security controls and operating procedures necessary to prevent diversion. Materials and construction which will provide a structural equivalent to the physical security controls set forth in §§1301.72-1301.76 and 1301.75 may be used in lieu of the materials and construction described in those sections.

(b) Substantial compliance with the standards set forth in §§1301.72-1301.76 may be deemed sufficient by the Administrator after evaluation of the overall security system and needs of the applicant or registrant. In evaluating the overall security system of a registrant or applicant, the Administrator may consider any of the following factors as he may deem relevant
or previously dependent on narcotic drugs), shall sign for the narcotics and place his specific title (if any) on any invoice. Copies of these signed invoices shall be kept by the distributor.

(1) Narcotics dispensed or administered at a narcotic treatment program will be dispensed or administered directly to the patient by, either (1) the licensed practitioner, (2) a registered nurse under the direction of the licensed practitioner, (3) a licensed practical nurse under the direction of the licensed practitioner, or (4) a pharmacist under the direction of the licensed practitioner.

(2) Persons enrolled in a narcotic treatment program will be required to wait in an area physically separated from the narcotic storage and dispensing area. This requirement will be enforced by the program physician and employees.

(k) All narcotic treatment programs must comply with standards established by the Secretary of Health and Human Services (after consultation with the Administration) respecting the quantities of narcotic drugs which may be provided to persons enrolled in a narcotic treatment program for unsupervised use.

(1) DEA may exercise discretion regarding the degree of security required in narcotic treatment programs based on such factors as the location of a program, the number of patients enrolled in a program and the number of physicians, staff members and security guards. Similarly, such factors will be taken into consideration when evaluating existing security or requiring new security at a narcotic treatment program.

EDITORIAL NOTE: For Federal Register citations affecting §1301.75, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and on GPO Access.

§ 1301.75 Physical security controls for practitioners.

(a) Controlled substances listed in Schedule I shall be stored in a securely locked, substantially constructed cabinet.

(b) Controlled substances listed in Schedules II, III, IV, and V shall be stored in a securely locked, substantially constructed cabinet. However, pharmacies and institutional practitioners may dispense such substances throughout the stock of noncontrolled substances in such a manner as to obstruct the theft or diversion of the controlled substances.

(c) This section shall also apply to nonpractitioners authorized to conduct research or chemical analysis under another registration.

(d) Carfentanil etorphine hydrochloride and diprenorphine shall be stored in a safe or steel cabinet equivalent to a U.S. Government Class V security container.

Task Force Makes Recommendations to Address Drug Diversion and Control in the Pharmacy

Drug diversion in licensed pharmacies, including diversion of controlled substances (CS), is a serious and growing concern, as stressed in the report of the Task Force on the Control and Accountability of Prescription Medications. The task force met October 26-27, 2011, and discussed numerous related concerns, such as the increased incidence of pharmacy personnel, especially unlicensed or unregistered staff, having access to and diverting prescription medications, including CS. The task force made 10 recommendations including recommended revisions to the Model State Pharmacy Act and Model Rules of the National Association of Boards of Pharmacy (Model Act), and future NABP actions related to pharmacy security, pharmacy and pharmacist responsibilities, and pharmacist continuing education, among other recommended actions.

The task force met at NABP Headquarters, and accepted the following charge:

1. Review existing state laws and regulations addressing the control and accountability of prescription drugs, the Report of the Task Force to Review and Recommend Revisions to the Controlled Substances Act, as well as relevant sections of the Model Act.

2. Recommend revisions, if necessary, to the Model Act addressing this issue.

In addition to discussing the diversion of prescription drugs by unlicensed or unregistered staff, members also discussed how security and inventory control provisions often lack specific safeguards to prevent diversion. To help boards of pharmacy address these concerns, the task force recommended revisions to the Model Act by adding language regarding additional oversight and specificity related to inventory functions by the pharmacist-in-charge (PIC), as well as accountability of the pharmacy owner and pharmacy permit holder. The task force also recommended several revisions related to security measures and requirements for criminal background checks for all pharmacy owners, pharmacy permit holders, pharmacy staff, and any other staff that has access to prescription medications.

The task force also discussed the concern that licensees, particularly pharmacy technicians, can easily obtain new employment after being terminated from a pharmacy due to a drug-related incident. The task force recommended that NABP encourage boards to incorporate existing Model Act language pertaining to the reporting of separation of employment of any licensee or registrant for drug-related reasons, such as abuse, theft, or diversion, and that the report should include the reason for the termination.

The task force also discussed the increased prevalence of newly graduated pharmacists accepting PIC positions and that many have been called before their board for reasons indicating a lack of knowledge and awareness about the duties and responsibilities of being a PIC. Thus, the third recommendation of the task force is that NABP recommend to colleges and schools of pharmacy to increase the emphasis on the ethical and legal responsibilities related to the PIC position as part of relevant courses, such as pharmacy law or pharmacy management.

The task force also recommended that, as PICs assume a legal responsibility to manage the pharmacy and practice in a safe and secure manner, NABP should encourage boards to require continuing education for PICs pertaining to the legal responsibilities of this position. Further, as many PICs face ethical dilemmas, it is recommended that NABP encourage pharmacy associations and employers to develop educational and training programs that focus on the ethical and legal responsibilities of the PIC. To help boards in educating pharmacist, and particularly PICs, about how to

How did $14 million in drugs vanish from a UM pharmacy? – Healthcare - MiamiHerald...

Se necesitan años y años de prácticas para...
Pharmacy technician Manuel Gerardo Pacheco — who seemed to be "living beyond his means," investigators said later — was charged with four counts of grand theft, two counts of trafficking in contraband prescription drugs and one count of dealing in stolen property. He has pleaded not guilty.

"Obviously, somebody let the ball slip," said Randy Kroner, a Miami forensic accountant. He said most large organizations have internal auditors that make sure the proper controls are followed — counting supplies that come in, tracking units that go out and then reconciling the two. "Looks like this case just fell through the cracks."

In fact, both UM's chief financial officer, Joe Natoli, and board member Norman Braman have said there were no inventory controls at the cancer pharmacy to keep track of supplies.

"That's ludicrous," said Michael Kessler, a certified forensic accountant who heads Kessler International, a financial services company with an office in Miami. "A hospital should track its supplies down to the last sponge and scalpel in the operating room. Somebody was asleep at the switch."

In a statement last week, the UM Miller School of Medicine said rampant theft of pharmaceuticals is a national problem and UM had tight controls at several of its pharmacies, but controls at the cancer pharmacy "failed to quickly detect the employee theft of expensive non-controlled substances, actually life-saving chemotherapy drugs for cancer patients. As soon as the theft was detected, physical security and inventory controls of pharmaceuticals at Sylvester were reviewed and strengthened."

A follow-up internal audit found the cancer pharmacy's controls are now sufficient. "The university is seeking reimbursement for losses from the employee and its insurance carrier," the statement said. In an April memo to employees about UM's moves to control fraud, Natoli noted three major incidents at UM, including "a pharmacy technician with access to expensive drugs that were not under inventory control."

Last fall, in a letter to fellow UM board members, Miami auto magnate Braman decried the pharmacy theft as an example of managerial ineptitude involving a "host of wrong doings" that "took months of forensic accounting to discover because of nonexistent inventory controls."

Natoli told The Herald in May that UM was a "highly decentralized organization with old systems that had grown very, very rapidly," and UM was working hard to put the necessary controls in place.

Dear Russell:

We are delighted to learn that you have been designated by your Executive Officer to represent your board at the upcoming NABP Interactive Member Forum on Wednesday, September 19 and Thursday, September 20, 2012. The Forum begins at noon on Wednesday with lunch and concludes on Thursday at 3 PM. See the attached Forum Preliminary Agenda for details.

Please plan to arrive at the hotel by noon on Wednesday, and schedule your departure flight for any time after 5 PM on Thursday. Attached are the hotel and travel arrangement forms. The hotel form needs to be completed and returned to me as soon as possible, so that we are able to reserve your hotel accommodations. We request that you make your airline reservations through Options Travel soon to secure the most cost effective airfare. Options Travel will ask you for a code that is on the attached travel form. As you probably are aware, you are the guest of NABP therefore your transportation, hotel sleeping room, and meals will be covered. Please be sure to keep all of your receipts.

If you have any questions or concerns, please contact me at 847/391-4440 or nabpmeetings@nabp.net.

We look forward to greeting you in September!

Cordially,

Penny Moroney

DEA Announces New Certification Process for Electronic Prescribing of Controlled Substances

The Drug Enforcement Administration (DEA) today announced a new DEA-approved certification process for Electronic Prescriptions for Controlled Substances (EPCS). Certifying organizations with a certification process approved by DEA pursuant to 21 Code of Federal Regulations (CFR) 1311.300(e) are posted on DEA's Web site once approved.

DEA is a component of the Department of Justice and is the primary agency responsible for coordinating the drug law enforcement activities of the United States. DEA also assists in the implementation of the President's National Drug Control Strategy. The Diversion Control Program (DCP) is a strategic component of the DEA's law enforcement mission. It is primarily the DCP within DEA that implements and enforces Titles II and III of the Comprehensive Drug Abuse Prevention and Control Act of 1970, often referred to as the Controlled Substances Act (CSA) and the Controlled Substances Import and Export Act (CSIEA) (21 U.S.C. 801-971), as amended (hereinafter, "CSA").

DEA drafts and publishes the implementing regulations for these statutes in Title 21 of the Code of Federal Regulations (CFR), Parts 1300 to 1321. The CSA together with these regulations are designed to establish a closed system for controlled substances and to prevent, detect, and eliminate the diversion of controlled substances and listed chemicals into the illicit market while ensuring a sufficient supply of controlled substances and listed chemicals for legitimate medical, scientific, research, and industrial purposes.

The CSA and DEA's implementing regulations establish the legal requirements for possession and dispensing of controlled substances, most notably pursuant to a prescription issued for a legitimate medical purpose by a practitioner acting in the usual course of professional practice. "The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the prescription." 21 CFR 1306.04(a). A prescription serves both as a record of the practitioner's determination of the legitimate medical need for the drug to be dispensed, and as a record of the dispensing, providing the pharmacy with the legal justification and authority to dispense the medication prescribed by the practitioner. The prescription also provides a record of the actual dispensing of the controlled substance to the ultimate user (the patient) and, therefore, is critical to documenting that controlled substances held by a pharmacy have been dispensed legally. The maintenance by pharmacies of complete and accurate prescription records is an essential part of the overall CSA regulatory scheme established by Congress.

Historically, where federal law required that a prescription for a controlled substance be issued in writing, that requirement could only be satisfied through the issuance of a paper prescription. Given advancements in technology and security capabilities for electronic applications, DEA recently amended its regulations to provide practitioners with the option of issuing electronic prescriptions for controlled substances (EPCS) in lieu of paper
prescriptions. Efforts to develop EPCS have been underway for a number of years. DEA’s Interim Final Rule for Electronic Prescriptions for Controlled Substances was published on March 31, 2010, at 75 FR 16236-16319, and became effective on June 1, 2010. While these regulations have paved the way for controlled substance prescriptions to be issued electronically, not all states have authorized electronic prescriptions for controlled substances, particularly Schedule II controlled substances, which have a significant potential for abuse.

All certifying organizations with a certification process approved by DEA pursuant to 21 CFR 1311.300(e) are posted on DEA’s Web site once approved.

As noted above, the Interim Final Rule provides that, as an alternative to the audit requirements of 21 CFR 1311(b) through (d), an electronic prescription or pharmacy application may be verified and certified as meeting the requirements of 21 CFR part 1311 by a certifying organization whose certification process has been approved by DEA. The preamble to the Interim Final Rule further indicated that, once a qualified certifying organization’s certification process has been approved by DEA in accordance with 21 CFR 1311.300(e), such information will be posted on DEA’s Web site. 75 FR 16243, March 31, 2010. On May 22, 2012, DEA approved the certification processes developed by Drummond Group and by iBeta LLC. iBeta’s approved certification process is limited to the certification of the biometrics subsystem, including its interfaces, to the requirements of the overall regulations and specifically to those in 1311.110. Relevant information has been posted on DEA’s Web site here.

RE: Discontinuation of USP Pharmacists' Pharmacopeia

NABP has been informed by the United States Pharmacopeial Convention (USP) that the Pharmacists' Pharmacopeia has been discontinued and additional updates to that publication will not be provided. As some states specifically recognize the Pharmacists' Pharmacopeia in their state regulations, NABP encourages you to review your state’s laws and regulations to determine if amendments are required. Please be aware that in June 2012, USP launched a new electronic publication entitled USP on Compounding: A Guide for the Compounding Practitioner, which like the Pharmacists’ Pharmacopeia, contains official material from USP-National Formulary relevant to compounding practitioners, including General Chapters <795> Pharmaceutical Compounding—Nonsterile Preparations and <797> Pharmaceutical Compounding—Sterile Preparations. Further information about USP’s successor publication is available at www.usp.org/store/products-services/usp-compounding.
