

IV.

On that date, Hansen filled one prescription for himself and two prescriptions using the name of his sister-in-law. All three prescriptions were for dextroamphetamine-amphetamine (Adderall).

V.

Smith's pharmacy records indicate that:

- a. No one paid for any of the three prescriptions;
- b. Hansen alone completed the entire filling process for each prescription; and
- c. Each prescription was filled outside of normal business hours.

VI.

Based on Smith's records, and based on written admissions by Hansen, Smith's suspended Hansen's employment pending further investigation.

VII.

Smith's investigation ultimately revealed that from August 7, 2015, through June 17, 2016, Hansen created and filled thirty-eight (38) fraudulent prescriptions for dextroamphetamine-amphetamine, in various strengths, for a combined total of 1,485 tablets and/or capsules.

VIII.

Hansen admitted in writing to falsifying and filling several prescriptions for dextroamphetamine-amphetamine in various strengths for his own personal use.

IX.

To obtain the subject medication, Hansen used a word processing program to create fraudulent prescriptions using his name, and also using the names and profiles of some of his family members, as patients. He used the names of his family members without their knowledge.

X.

Hansen falsely used Dr. Heather Sojourner as the prescriber on each of the fraudulent prescriptions.

XI.

Hansen used Dr. Sojourner as the prescriber on his fabricated prescriptions because he once resided in Utah and was Dr. Sojourner's patient at the Jordan Family Health practice in South Jordan, Utah. Dr. Sojourner's office confirmed that Dr. Sojourner last treated Hansen in July 2015.

XII.

In a written statement, Hansen indicated that in 2014, prior to his employment with Smith's, he received treatment for anxiety, mood and attention deficit symptoms from Dr. Sojourner. At that time, she prescribed fluoxetine (Prozac) and dextroamphetamine-amphetamine to treat Hansen's symptoms.

XIII.

Hansen continued treatment on those medications through the fall of 2015, at which time he moved to Nevada.

XIV.

Hansen billed some of the fraudulent prescriptions for payment to his insurance provider. He paid cash when the insurance company no longer provided coverage.

XV.

Hansen claims that toward the end of his treatment with Dr. Sojourner, he became addicted to the dextroamphetamine-amphetamine. The dosage Dr. Sojourner was prescribing at that time did not satisfy his addiction, so he obtained the medication illegally by creating and filling fraudulent prescriptions for himself.

XVI.

Smith's provided a list of the falsified prescriptions to Dr. Sojourner for review. She affirmed that each of the thirty eight prescriptions Hansen attributed to her are fraudulent.

XVII.

Hansen attempted to conceal his conduct by filling the fabricated prescriptions outside of Smith's Pharmacy's normal business hours, when no other pharmacy personnel were present.

**FIRST CAUSE OF ACTION**

XVIII.

Nevada Revised Statutes (NRS) 453.331(d) states, in relevant part, that “[i]t is unlawful for a person knowingly or intentionally to . . . [a]cquire or obtain . . . possession of a controlled substance or a prescription for a controlled substance by misrepresentation, fraud, forgery, deception, subterfuge or alteration.” NRS 639.210(12) says that a violation or attempt to violate “any law or regulation relating to drugs, the . . . distribution of drugs or the practice of pharmacy . . . committed by the holder of a certificate, license [or] registration” is grounds for suspension or revocation of any certificate, license or permit licensed by the Board.

In forging and otherwise creating multiple fraudulent prescriptions for dextroamphetamine-amphetamine in various strengths for himself and others, Zachary Hansen, R.Ph., violated NRS 453.331(1)(d), and is subject to discipline pursuant to NRS 639.210(12), as well as NRS 639.255.

**SECOND CAUSE OF ACTION**

XIX.

NRS 453.336(1) states, in relevant part, that “a person shall not knowingly or intentionally possess a controlled substance, unless the substance was obtained directly from, or pursuant to, a [lawful] prescription or order of a [practitioner]”. NRS 639.210(12) says that a violation or attempt to violate “any law or regulation relating to drugs, the . . . distribution of drugs or the practice of pharmacy . . . committed by the holder of a certificate, license [or] registration . . .” is grounds for suspension or revocation of any certificate, license or permit licensed by the Board.

In forging and otherwise creating multiple fraudulent prescriptions for dextroamphetamine-amphetamine in various strengths for himself and others, and by obtaining and possessing dextroamphetamine-amphetamine by way of those unlawful prescriptions, Zachary Hansen, R.Ph., violated NRS 453.336(1), and is subject to discipline pursuant to NRS 639.210(12), as well as NRS 639.255.

### **THIRD CAUSE OF ACTION**

XX.

Nevada Administrative Code (NAC) 639.945(1)(h) states that “[p]erforming or in any way being a party to any fraudulent or deceitful practice or transaction” constitutes “unprofessional conduct and conduct contrary to the public interest.” NRS 639.210(4) says that conduct that is unprofessional or contrary to the public interest is grounds for suspension or revocation of any certificate, license or permit licensed by the Board.

In forging and otherwise creating multiple fraudulent prescriptions for dextroamphetamine-amphetamine in various strengths for himself and others, Zachary Hansen, R.Ph., violated NAC 639.945(1)(h), is guilty of unprofessional conduct and is subject to discipline pursuant to NRS 639.210(4), as well as NRS 639.255.

### **FOURTH CAUSE OF ACTION**

XXI.

In order to lawfully write a prescription, a person must be licensed practitioner, as that term is defined in NRS 639.0125. NAC 639.945(k) states that “[p]erforming any act, task or operation for which licensure, certification or registration is required without the required license, certificate or registration” constitutes “unprofessional conduct and conduct contrary to the public interest.” Per NRS 639.210(4), conduct that is unprofessional or contrary to the public interest is grounds for suspension or revocation of any certificate, license or permit licensed by the Board.

In forging and otherwise creating multiple fraudulent prescriptions for dextroamphetamine-amphetamine in various strengths for himself and others, Zachary Hansen, R.Ph., a non-practitioner, violated NAC 639.945(1)(k), is guilty of unprofessional conduct and is subject to discipline pursuant to NRS 639.210(4), as well as NRS 639.255.

**FIFTH CAUSE OF ACTION**

XXII.

NRS 453.226 states that “[e]very practitioner or other person who dispenses any controlled substance within this State . . . shall obtain biennially a registration issued by the Board in accordance with its regulations.” Likewise, NRS 453.231(3) states that “[a] practitioner must be registered before dispensing a controlled substance or conducting research with respect to a controlled substance included in schedules II to V, inclusive.” The term “dispense” as used in NRS Chapter 453 includes the prescribing of a controlled substance. See *NRS 453.056*. NRS 639.210(12) says that a violation or attempt to violate “any law or regulation relating to drugs, the . . . distribution of drugs or the practice of pharmacy . . . committed by the holder of a certificate, license [or] registration” is grounds for suspension or revocation of any certificate, license or permit licensed by the Board.

In forging and otherwise creating multiple fraudulent prescriptions for dextroamphetamine-amphetamine in various strengths for himself and others, Zachary Hansen, R.Ph., violated NRS 453.226 and NRS 231(3), and is subject to discipline pursuant to NRS 639.210(11), as well as NRS 639.255.
