Mr. Larry Pinson
Executive Secretary
Nevada Board of Pharmacy
431 West Plumb Lane
Reno, Nevada 89509

Dear Mr. Pinson:

A handwritten signature in cursive script, appearing to read "Larry Pinson".

Thank you for your presentation to the Governor's Prescription Drug Summit Planning Committee on June 21. Combating prescription drug abuse in Nevada is one of my top priorities and the planning meeting's forum helped us to identify key issues in the state. This allows us to begin the important conversations regarding how to best address prescription drug abuse in our communities. The information you provided was very educational and your insights will be very useful in informing the agenda for the Prescription Drug Summit set for late August.

Prescription drug abuse and overdose death will continue to be a public health crisis unless leaders in the public and private sectors come to together to work toward solutions. The Summit will be an important step in that process. Thank you again for taking the time to present to the committee.

Sincere regards,

A handwritten signature in cursive script, appearing to read "Brian Sandoval".
