Re: CVS Health Request in regards to NAC 639.7145

Dear Deputy Executive Secretary Wuest,

CVS Health is requesting authorization from the Nevada State Board of Pharmacy for all CVS/pharmacy retail pharmacies located in Nevada, which are listed on the attached spreadsheet, to use RxConnect computer dispensing software for electronic fax transfers of prescriptions to another pharmacy without the signature and handwritten license number of the transferring pharmacist as allowed by NAC 639.7145(2). The electronic fax transfer document will contain the pharmacist's name and license number electronically generated for the receiving pharmacy from the transferring pharmacy. Also, RxConnect will document and record the pharmacist responsible for the transfer and the record cannot be modified, added or provided without the knowledge of the pharmacist.

We appreciate your time and consideration in regards to this request. If you have any questions, please contact me directly at 540-604-3661.

Sincerely,

A handwritten signature in black ink that reads "Lauren Berton PharmD". The signature is written in a cursive, slightly slanted style.

Lauren Berton, PharmD.
