Dear Mr. Pinson:

A handwritten signature in blue ink that reads "Larry,".

Thank you for participating in the Prescription Drug Monitoring Program Data Utilization, and the Empowerment of Occupational Licensing Boards breakout sessions at the Prescription Drug Abuse Prevention Summit in Las Vegas. Combating prescription drug abuse in Nevada is one of my top priorities and the information gathered at the Summit is vital as we work to develop solutions to this complex problem.

As you know, there are more of our fellow citizens abusing prescription drugs than are abusing cocaine, heroin, hallucinogens, ecstasy, and inhalants combined. The work done at the Summit is vital as we work to help our friends, neighbors and loved ones. The recommendations from the Summit will contribute to the development of legislation and develop new policies in the future. This is an issue that we cannot afford to ignore and I am proud we were able to come together as the Nevada family in this fight to create a Nevada solution.

Thank you for dedicating your time and expertise to this important cause.

Sincere regards,

A handwritten signature in blue ink that reads "Brian Sandoval".
