

Nevada State Board of Pharmacy
431 W. Plumb Lane
Reno, NV 89509

October 15, 2017

Dear Board Members,

Respectfully, I would like to petition for reconsideration of the 1740 internship hours prior to practicing as a fully licensed pharmacist in the state of Nevada and an audience with the Board to state my case during the December Board meeting.

I am a licensed pharmacist from Ontario, Canada; with a Doctor of Pharmacy Degree from the University of Toronto. In addition to internship experience built into the school's curriculum, I have practiced as a registered licensed pharmacist in Canada for the last two years in various pharmacy settings. Please refer to the attached resume for further details on my experiences. I am currently working as an intern with Chris Shea at Integricare Rx until the board meeting; which Chris is also planning to attend.

As a Canadian pharmacist, I performed duties that are equivalent as the acts performed by pharmacists in Nevada; including:

- Identified, evaluated, and interpreted a prescription
- Evaluated the indication, efficacy, safety, and convenience of medication therapy
- Interpreted patient's clinical data and applied it to patient care
- Consulted and collaborated with prescribing practitioner to optimize patient health outcome
- Performed medication therapy management and health coaching services
- Assisted patients with choosing appropriate non-prescription medications
- Compounded prescriptions
- Supervised activities of pharmaceutical technician to ensure activities are performed completely, safely, and without risk to patients
- Counseled patient regarding non-prescription and prescription medications
- Administered vaccinations by injection
- Handled and dispensed controlled, hazardous, and dangerous medications
- Maintained patient confidentiality and complied with all federal and provincial laws pertaining pharmacy practice

I have moved to Reno with a long term plan to stay here for many years. I believe I have the knowledge and professional experiences to work fully as a registered pharmacist in the State of Nevada. I look forward to the opportunity to have further discussion of my petition. If you have any additional questions, please do not hesitate to contact me at _____ or _____.
Thank you for your consideration.

Sincerely,

Stefania Karina Nataprawira, BSc, PharmD
Double R Boulevard, Reno, NV
