Director Pinson,

It was a pleasure to meet you and your wife in Chicago. I wanted to follow up with you on your offer for us to present our Safe Disposal of Pharmaceutical Waste presentation at your next scheduled board meeting. Please let me know if the offer still stands. We are also finishing our application as an Out of State Wholesaler which should be submitted in the next week. Again thank you for taking the time to chat with us, we appreciate it.

Regards,

Chris
