1. Public Comment August 15, 2017 8:00 AM

There was no public comment.

2. Discussion of Emerging and Non-Traditional Pharmacy Practice Models.

Mr. Kandt reviewed Open Meeting Law with the Committee Members.

Mr. Edwards provided a brief background on the formation of the Committee.

Committee discussion ensued regarding technology's effect on the practice of pharmacy and on pharmacy business models. The Committee also discussed segmented prescription filling and its corresponding accountability.

The Committee requested that Board Staff contact NABP to find out if they have an MOU regarding discipline between states, and asked the Committee Members from the industry to provide examples of new technology available to pharmacies, that may involve regulatory changes before they may be used in Nevada.
