Subject: Fraudulent concern

Hello Paul,

My name is Jonathan Chan, and I am a registered pharmacist in the state of Massachusetts. My Massachusetts license number is PH26578. I'm writing to express my concern from a text message and conversation I had today with a former classmate from Massachusetts College of Pharmacy at Boston, MA. The classmate's name is Choon Kim, and he often goes by the nickname "John". He is approximately 40 years old.

A week ago (2/20/17) he had text messaged stating he was applying for Nevada licensure to take the MPJE, and asked if it were okay if he used my name as a reference. I told him I do not mind helping him out, however I told him I was not sure I am what they are looking for, because we have no work experience with each other. I told him it is fine, if they want to know how we went to Massachusetts College of Pharmacy together.

Today (2/27/17), he writes me back and says:

"Hey Jon I read the instructions and it says I just need to be acquainted with you. I honestly don't think they need the application because they already approved me to take the exam, but I think I accidentally printed your name where it said signature by my photo. But again it's not that important since I think it was supposed to be a copy. I hope you're not upset bra. It was an honest mistake. You can call me if you have questions 808-386-9060. I think it was just to verify what I look like"

He later calls me today (2/27/17) and tells me he actually forged my signature, and looked me up online, and added my Massachusetts pharmacy license number, city, and state.

I am very concerned if this is true, knowing someone used my name fraudulently. Is it possible he is trying to transfer my Massachusetts license to Nevada, under his identity?

Please let me know if you need any information. My phone number is

I hereby recommend him/her worthy to practice in the state of Nevada.

26 11055, or specified in subdivision (h) of Section 11056, or (2) any controlled
27 substance classified in Schedule III, IV, or V which is a narcotic drug, unless upon
28 the written prescription of a physician, dentist, podiatrist, or veterinarian licensed to
practice in this state, shall be punished by imprisonment in a county jail for not more
than one year, except that such person shall instead be punished pursuant to

34 (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of
35 Section 11055, or specified in subdivision (h) of Section 11056, or (2) any

1 controlled substance classified in Schedule III, IV, or V which is a narcotic drug,
2 shall be punished by imprisonment pursuant to subdivision (h) of Section 1170
3 of the Penal Code for two, three, or four years.

4 COST RECOVERY

5 18. Section 125.3 of the Code provides, in pertinent part, that the Board may request the
6 administrative law judge to direct a licentiate found to have committed a violation or violations of
7 the licensing act to pay a sum not to exceed the reasonable costs of the investigation and
8 enforcement of the case, with failure of the licentiate to comply subjecting the license to not being
9 renewed or reinstated. If a case settles, recovery of investigation and enforcement costs may be
10 included in a stipulated settlement.

11 DRUGS

12 19. Hydrocodone with acetaminophen, sold under the brand names Norco and Vicodin,
13 was a Schedule III controlled substance as designated by Health and Safety Code section
14 11055(b)(1)(l) at the times pertinent to this Accusation and is currently classified a Schedule II
15 controlled substance pursuant to Health and Safety Code section 11056(e)(4). It is a dangerous
16 drug pursuant to Business and Professions Code section 4022. It is used for the relief of pain.

17 FACTS

18 20. On or about December 5, 2013, the Board was notified that Respondent Vega, a
19 Pharmacy Technician, was terminated from his employment by Respondent Vons for theft of
20 hydrocodone in 2013.

21 21. Respondent Vons became aware of the theft after being notified of the discrepancy
22 between the amount of hydrocodone/apap 10/325 purchased by the pharmacy and the amount
23 dispensed. The pharmacy conducted an investigation that revealed an unusual amount of inventory
24 adjustments for hydrocodone between January 1, 2013 and November 1, 2013. All the
25 adjustments were negative adjustments that reduced the inventory of hydrocodone by 34,642 pills.
26 The adjustments were made using Vega's unique password and were made when Vega was
27 scheduled to work. Vega made the inventory adjustments to hide his theft.

28 22. After making inventory adjustments to cover his thefts, Vega admitted that he placed
the stolen tablets into his smock and exited the pharmacy. Vega sold the stolen tablets for \$1.00
