| K. DVH Hospital Alliance | (22-053-PH-S) |
| L. Marissa Crain | (22-053-PT-S) |
| M. Elliott Asarch | (22-053-RPH-A-S) |
| N. Matthew Huntington | (22-053-RPH-B-S) |

Krystal Freitas recused herself from this matter due to her employment.

Todd Weiss, Deputy Attorney General, presented the options for how the Board can address the situation with Marissa Crain being remote when she was ordered to appear. The Board can treat her as a default for not complying with the order served or put it on record that Ms. Crain will need to appear in person at the next meeting while proceeding with the other respondents.

President Park will give Ms. Crain an opportunity to appear at a future Board meeting, but the Board will proceed with the remaining respondents' cases.

President Park disclosed that she is familiar with Mr. Huntington during her time at Roseman University but can participate in this matter fairly and without bias.

Gregory Zunino, Senior General Counsel for the Nevada Board of Pharmacy, prosecuted the case against DVH Hospital Alliance, License No. IB02134, and Matthew Huntington, Certificate of Registration No. 18203, both represented by Ms. Nutile. It is alleged that Ms. Crain, a pharmacy technician, stole a large quantity of controlled substances over a two-year period from the hospital. Matthew Huntington was the managing pharmacist during the latter half of Ms. Crain's tenure at the hospital. The hospital had the technology in place that could have detected the theft, and by failing to use the technology, Mr. Huntington performed his duties in a negligent or unskilled manner.

Mr. Zunino presented two proposed Stipulation and Orders for the Board's consideration.

The proposed stipulated penalties for DVH Hospital Alliance License No. IB02134 are the following: 1) Submit to four quarterly inspections of the pharmacy to be done by Board inspectors

at the pharmacy's expense; 2) pay a fine of \$10,000 for the violations; and 3) pay \$1,000 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

The proposed stipulated penalties for Matthew Huntington Certificate of Registration No. 18203 are the following: 1) Respondent's Certificate of Registration No. 18203 will be suspended for one year; however, the suspension is stayed; 2) Respondent, as long as he is Managing Pharmacist, shall facilitate the performance of DVH Hospital Alliance of its responsibilities as long as he remains employed by DVH Hospital Alliance; 3) pay a fine of \$2,500 for the violations; and 4) pay \$500 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

Ms. Nutile clarified for the Board that Mr. Huntington was not the managing pharmacist for the latter half of the two-year period, but for four months of that two-year period. She also noted that once Mr. Huntington became aware of the way to run the electronic report, he self-reported this to the Board and assisted in the investigation. DVH Hospital has also made many changes, including now having a risk manager for this hospital and the region. The risk manager is now involved in the running of reports and inspections daily.

Board discussion ensued.

President Park disclosed that she is familiar with Elliott Asarch from Roseman University, but she can participate in this matter fairly and without bias.

Board Action:

Motion: Wayne Mitchell moved to accept the Stipulation and Order as presented by Mr. Zunino for Matthew Huntington.

Second: Jade Jacobo

Aye: Freitas, Porath, Jacobo, Tomasso, Tejero, and Mitchell
Nay: Park

Action: Motion carries.

Board Action:

Motion: Wayne Mitchell moved to approve the Stipulation and Order as presented by Mr. Zunino for DVH Hospital Alliance.

Second: Jade Jacobo

Action: Passed unanimously.

Mr. Zunino presented the Stipulation and Order for Elliott Asarch for the Board's consideration.

The proposed stipulated penalties for Elliott Asarch, Certificate of Registration No. 19265, are the following: 1) Respondent's Certificate of Registration No. 19265 is suspended for one year, however, the suspension is stayed; 2) pay a fine of \$2,500 for the violations; and 3) pay \$500 to partially reimburse the Board for recoverable attorney's fees and costs incurred in investigating and prosecuting this matter.

Lyn Beggs clarified that Mr. Asarch came to work for DVH Hospital when Ms. Crain was out on medical leave and when she returned the diversion commenced again. When Mr. Asarch started with DVH, he noticed that Ms. Crain had inappropriate access to the safe and he modified her access; however, her access was restored, and they are unaware of who restored her access.

Board discussion ensued.

Board Action:

Motion: Jade Jacobo moved to approve the Stipulation and Order as presented by Mr. Zunino for Elliott Asarch.

Second: Wayne Mitchell

Aye: Freitas, Porath, Jacobo, Tomasso, Tejero, and Mitchell

President Park admitted Exhibit 3 into the record.

Mr. Kandt asked Ms. Nases for details on what occurred when the respondent sent his first payments to the Board.

Ms. Nases answered questions to the Board's satisfaction.

Mr. Kandt asked the Board to make a finding of the fact that the respondent failed to make timely payments of the fine and recoverable attorney's and costs pursuant to the Stipulation and Order.

President Park performed the roll call. All Board members were present, and a quorum was established.

Public Comment March 7, 2024, 9:00 AM

Liz MacMenamin from the Retail Association of Nevada, requested for a permanent change in the 3-to-1 ratio of pharmaceutical technicians allowed per one pharmacist in pharmacies. She commented that during COVID, the Board allowed a 6-to-1 ratio with the health, safety, and welfare of the public as the reasoning, and yet the ratio was reversed back to 3-to-1 even after those in the industry asked for an official change to occur. She shared how there were no disciplinary cases that stemmed from having the 6-to-1 ratio during the pandemic, and that pharmacies with high traffic need more personnel. Ms. MacMenamin commented that the \$10,000 fine amounts that the Board is implementing on the respondents should only be given out during death or egregious infractions.

Michelle Dolly, a Managing Pharmacist for a non-resident wholesale distribution center, wanted to bring a recently passed Assembly Bill 110 to the Board’s attention. The bill exempts dialysis medication from having the pharmacist do the final check before shipping the medications out directly to a patient’s home. She is concerned that she’s being instructed by her employer to let a warehouse worker do the final check on an “Rx only” product and shared that she had been told that she no longer needs to label prescription boxes since she does not have to verify prescriptions.

◆ WORKSHOP ◆

Thursday, March 7, 2024 – 9:00 am

15. Notice of Proposed Regulation Workshop Pursuant to NRS 233B.061(2) (**FOR POSSIBLE ACTION**):

- A. **Amendment to Nevada Administrative Code (NAC) 639.** The proposed amendment removes various provisions relating to compounding which are in conflict with current United States Pharmacopeia compounding standards.

Dave Wuest, Executive Secretary for the Nevada Board of Pharmacy, presented background on the proposed workshop item.

President Park opened the floor to public comment.

Liz MacMenamin from the Retail Association is in favor of the proposed workshop.

Mark Johnston, Pharmacist for CVS Health, commented that the term “legal guardian” used in this language is a very legal term, and makes it difficult for the pharmacist to determine who the legal guardian may be. He suggested using the word “agent” or “an agent of the patient” in a broader term that could open it up to a more realistic determination by the pharmacist. He worries that if it is up to the pharmacist to determine the legal guardian, then flavoring most likely will not occur.

Chad Baker, Senior Vice President of Government Relations for Flavor Rx, commented that the language being considered on flavoring after the feedback at the last meeting is appreciated by the company. He believed the language to be pragmatic and in line with what many other states have already adopted and thought that pharmacies could continue to provide flavoring with these commonsense requirements in place.

Gener Tejero, Pharmacist, requested that the Board adopt certain exceptions to USP 797. On the previous iterations of 797, Mr. Tejero noted that many of edits that have been redlined out in this version of the amendment which means that the previous iteration of USP 797 had many changes that differed from the 797 itself. He proposed four changes for the Board to adopt that were outlined as: 1) Viable air sampling timing and locations; 2) Surface sampling timing and locations; 3) Sterility Testing; and 4) Bacterial Endotoxins Testing.

Matt LaSarso, Solutions Specialty Pharmacy Owner, read a letter into record from one of his patients on this issue. Mr. LaSarso shared that while doing this at his pharmacy, the only endotoxin failures that they have seen came directly from the manufacturer package before it was shipped to them.
