**Re: CEASE AND DESIST ORDER: Unregistered Practice of Pharmacy**

Dear Mr. Barclay:

Your Nevada pharmacist registration, Certificate of Registration No. 17303, expired on October 31, 2017. The Nevada State Board of Pharmacy (Board) has determined that you continued to practice pharmacy and work as the managing pharmacist/pharmacist in charge (manager/PIC) at Meta Pharmacy Services without a valid registration until November 29, 2018. This constitutes a violation of Nevada law, including NRS 639.0087, NRS 639.100 and NRS 639.220.

Therefore, you are hereby ordered pursuant to NRS 639.2895(1) to CEASE and DESIST to work in any Nevada-licensed pharmacy in any capacity that requires a valid registration. You may not return to work in any capacity that requires a valid registration until your registration is renewed and in good standing.

Further, you must CEASE and DESIST to work as a manager/PIC. Meta Pharmacy may not operate without a manager/PIC. NRS 639.220. Board Staff will allow Meta Pharmacy until the end of business today to submit an application appointing a new manager/PIC or face a possible closure.

Please be aware that the forgoing does not take the place of a formal investigation, accusation and/or hearing before the Board to further address these issues. Contact me if you have questions.

Best regards,

A handwritten signature in blue ink that reads "S. Paul Edwards".

S. Paul Edwards, Esq.
