# INTRODUCTION

## NRS 639.060 BIENNIAL REPORT TO THE GOVERNOR

Before September 1 of each even-numbered year, for the biennium ending June 30 of that year, the Board shall report to the Governor upon the condition of pharmacy in the State of Nevada.

The report must contain:

1. A summary of the proceedings of the Board for the year.
2. The names of all pharmacists registered under this chapter.
3. A complete statement of all fees received.

The Board's focus is provided by NRS 639.070, which sets forth the general powers of the Board. The Board concentrates on four areas to enhance the practice of pharmacy and to protect the public: 1) proper credentialing, regulation, and inspection of licensees; 2) adoption of regulation as necessary to further legislative intent; 3) providing timely access to accurate information in Nevada's Prescription Monitoring Database; and 4) investigation of complaints filed with the Board on activities within the Board's jurisdiction.

## SUMMARY OF THE PROCEEDINGS OF THE BOARD

The Board has eight (8) regularly scheduled public meetings every year. The Board held a total of sixteen (16) regular public meetings during the biennium, all were held by both remote livestream and personal appearance at a public location. There were twelve (12) regular public meetings held in Las Vegas and four (4) held in Reno. During the regular public meetings, disciplinary cases were heard as well as appearance and non-appearance requests for licensure.

During the biennium ending June 30, 2024, the Board noticed a total of fifteen (15) public workshops and thirteen (13) public hearings on the Intent to act upon a regulation. Public workshops and public hearings are noticed pursuant to NRS 233B.061, and provide the public an opportunity for input on proposed regulation(s) both orally and in writing. While the addition of new regulations are often a result of legislative changes to NRS requiring the Board to adopt new regulations, modification of existing regulation oftentimes begin when a licensee requests a regulatory change. The latter usually results in a discussion and determination by the

Board to decide if a regulatory change might be necessary, and generally provides an opportunity for public comment even before the regulatory change process commences.

At each meeting, the previous meeting minutes were approved, sometimes with modification(s), and there was an opportunity for public comment at the beginning and end of each meeting day pursuant to NRS 241.020.

## **THE NAMES OF ALL PHARMACISTS REGISTERED**

At the conclusion of this biennium, the Board had a total of nine-thousand, seven -hundred, and twenty-two (9,722) pharmacists registered pursuant to chapter NRS 639. See **attachment 01** for a full list of registered pharmacists.

## **A COMPLETE STATEMENT OF ALL FEES RECEIVED**

The Board receives no State general fund money. Revenue is primarily from licensing, certification, and registration fees. The Board does receive money from grants that offset some of the costs of administering various programs, such as the Prescription Drug Monitoring Program (PMP). See below for a list of all fees received by the Board for each fiscal year of this biennium.

The Board's revenue is on a 2-year cycle, with each even-numbered year during the cycle having a larger revenue than the odd-numbered year. This is the result of the number and type of licensees that renew during the even versus the odd year. Pharmacists renew their license every 2 years on the odd-numbered year, while all other licensees renew their license on the even-numbered year.

**JULY 01, 2022 - JUNE 30, 2023**

RENEWAL FEE	5,883,849.00
REGISTRATION FEE	1,077,046.00
RECOVERED COST	31,715.00
CREDIT CARD PROCESSING FEE	310,175.00
LATE FEE	37,430.00
CHANGE OF PHARMACY MANAGER APPLICATION FEE	10,833.00
SUPPLEMENTAL INSPECTION FEE	7,423.00
INTEREST INCOME	10,833.00
<b>TOTAL INCOME</b>	<b>7,369,221.00</b>

**JULY 01, 2023 - JUNE 30, 2024**

RENEWAL FEE	1,869,160.00
REGISTRATION FEE	1,240,430.00
RECOVERED COST	72,477.00
CREDIT CARD PROCESSING FEE	124,109.00
CHANGE OF PHARMACY MANAGER APPLICATION FEE	14,100.00
SUPPLEMENTAL INSPECTION FEE	9,575.00
INTEREST INCOME	152,455.00
LATE FEE	15,691.00
<b>TOTAL INCOME</b>	<b>3,497,997.00</b>

**PRESCRIPTION CONTROLLED SUBSTANCE ABUSE  
PREVENTION TASK FORCE**

**CONTROLLED SUBSTANCE ABUSE PREVENTION TASK FORCE**

Created in 1997, the Nevada Prescription Controlled Substance Abuse Prevention Task Force, now known as the Nevada Prescription Monitoring Program Advisory Board (PMP Advisory Board) is administered by the Nevada State Board of Pharmacy. The PMP Advisory Board consists of participants from SAPTA, NDI, healthcare licensing boards, Medicaid, professional organizations, pain management practitioners, impaired professional help groups and industry. The Prescription Monitoring Program (PMP) is a database that contains information regarding controlled substances listed in Schedule II, III, IV and V that are dispensed to patients in Nevada.

## **PRESCRIPTION MONITORING PROGRAM ENHANCEMENTS**

December 17, 2018, the PMP launched NARXCARE. NARXCARE aggregates and analyzes prescription information from providers and pharmacies and presents interactive, visual representations of that information, as well as advanced analytic insights, complex risk scores and more to help physicians, pharmacists, and care teams to provide better patient safety and better patient outcomes. NarxCare is a tool and is not intended to replace a practitioner's professional judgement in making prescribing decisions.

State-wide integration launched February 11, 2019. Integrates access to the PMP into each practitioner's/clinic's internal electronic medical record (EMR) system. PMP data will present as a tab within each practitioner's internal EMR system which eliminates the need for separate log-ins. The goal is to make integration available to all Nevada practitioners, but it is not mandatory to integrate the PMP into the EMR. Providers will still be able to sign into the PMP to review patient PMP reports.

April 12, 2024 the PMP enabled the Mandatory Use Compliance Module. The Mandatory Use Compliance Module is a fully configurable report in Tableau that allows PMP staff the ability to view a prescriber's compliance with state requirements to query a patient's prescription history prior to prescribing certain controlled substances. The report is highly interactive and is used to identify users or groups of users with the lowest rates of compliance, view compliance rates for individual users, and see the history of non-compliant searches for each prescriber and view specific patient and prescription details.

## **LOOKING FORWARD**

The Board will continue to scrutinize the minimum standards required to provide safe pharmaceutical care to the residents of Nevada.

The Board will continue to collaborate with law enforcement and other occupational licensing boards to take action against unlawful, unsafe and/or unlicensed activity.

The Board will adopt regulations as necessary to enhance the pharmaceutical care provided to the residents of Nevada.

The Board will adopt regulations as required by the Nevada Legislature and continue to promulgate regulations as the practice of pharmacy advances.
