

Nevada State Board of Pharmacy
2023 Nevada Marketing Code of
Conduct Compliant Companies

Pursuant to NRS 639.570

Published
12-27-2023

Background Information

Nevada's Marketing Code of Conduct statutes were created by the 2007 Nevada Legislature under [Assembly Bill 128](#), which was codified into the Statutes of Nevada as [NRS 639.570](#). The Nevada State Board of Pharmacy adopted regulations pursuant to NRS 639.570(4) in 2008. Those regulations are detailed in NAC 639.6053-6057, NAC 639.616-619, and NAC 639.69573-69577 inclusive. For many years, the [Nevada State Board of Pharmacy](#) (Board) referred to the annual filing requirement as AB128, however, since the bill has been codified we are now using the phrase Marketing Code of Conduct, or Annual Marketing Code of Conduct.

[NRS 639.570](#) requires a wholesaler or manufacturer who employs a person to sell or market a drug, medicine, chemical, device or appliance in Nevada to submit annually to the Board certain information regarding their marketing code of conduct. It also requires the Board to prepare and submit to the Governor, and to the Director of the Legislative Counsel Bureau for transmittal to the Legislature, a compilation of the information submitted. Any information submitted that is identified as a trade secret is not included in the report prepared for the Governor and the Director of the Legislative Counsel Bureau.

The filing period is May 1st – June 1st annually, for the preceding 12 months period ending April 30th of the same year. The Board publishes a list of companies that submit a compliant filing pursuant to [NRS 639.570](#) to its website. A link is provided below, which also includes information regarding Nevada's Marketing Code of Conduct, including the annual filing form.

<https://bop.nv.gov/resources/ALL/WholesalersEPP/>

For the 2022 filing period, the Board revised the annual filing form to include the Board issued license number of the company named in the filing. The annual filing form was streamlined, with an effort to make completion of the form easier, and more concise. A few changes were made to the annual filing form in 2023. Minor changes were made to the annual filing form for 2024 to clarify requirements in sections 5 and 9. The 2024 Annual Marketing Code of Conduct filing form is available on the Board website in the link provided above.

The tables that follow include data on each company that provided a compliant Annual Marketing Code of Conduct filing during the 2023 filing period. Some exceptions to the deadline were made for late filers, and every effort was made to be comprehensive in our collection and processing of data.

The 2023 compliance report includes all entities that provided a compliant filing pursuant to NRS 639.570, regardless of their license status to conduct marketing, sales, and/or distributive functions of Federally restricted drugs and devices in Nevada. Three (3) distinct tables were created to categorize compliant filings based on license status. Table 1: Companies that have an active license issued by our Board, or a license is not required; Table 2: Companies that have a pending license application; and Table 3: Companies that are neither licensed by our Board, nor had they submitted a license application as of the time of drafting this report. Companies listed in Table 2 and Table 3 were reviewed for license status in late December 2023, whereas companies in Table 1 either had an active license issued by the Board when their annual filing was reviewed, or they completed the license application process prior to drafting this report. Additionally, some companies listed in Table 1 have the words “closed”, “non-renewed”, or some other information displayed with the license number, indicating updated information as to their license status at the time of drafting of this report.

Companies listed in Table 3 may or may not be marketing Federally restricted drugs or devices. By listing a company in Table 3 the Board is not making any statement, nor any determination, that the company is performing activities that would require a license under [NRS 639.233](#).

While every effort has been made to ensure accuracy of the data provided in the tables, the data should not be relied upon to determine current license status for any named entity. Additionally, other data tabulated, such as license number and address should be independently verified before use. The link below is our license verification tool available on the Board website.

Data compiled from 2023 Marketing Code of Conduct filings

The Board received 674 compliant Marketing Code of Conduct filings for 2023. Of those filings, 608 were from Board licensed entities, or entities that applied for and successfully obtained a license from our Board prior to the draft of this report. There are 4 companies included in this report that have a pending license application with our Board, 63 filings from companies that are not licensed by our Board, while 121 filings are from companies whose first filing was in 2023. Companies that market, sell, or distribute Federally restricted drugs or devices to persons in Nevada (practitioners and businesses alike) are required to be licensed by the Nevada State Board of Pharmacy pursuant to [NRS 639.233](#).

The Board received a handful of Marketing Code of Conduct filings that are not included in this report. Companies that filed Marketing Code of Conduct documents that were determined to be non-compliant received email, and in some cases telephonic communication requesting corrections or additional information. In some instances, a company simply used an obsolete filing form. In other instances, the documents were incomplete or lacking content, and therefore did not meet the regulatory requirements. Most instances of non-compliant filings were resolved in a timely manner and subsequently were able to be included in this report. Only a handful, maybe as few as 10 companies, did not submit the necessary corrections that would have placed their Marketing Code of Conduct filing in the compliant group, with inclusion on the tables that follow.
