Please note that the settlement of a medical malpractice action may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the provider. Therefore, there may be no disciplinary action appearing for a licensee even though there is a closed malpractice claim on file. A payment in the settlement of medical malpractice does not create a presumption that medical malpractice occurred. Sometimes insurance companies settle a case without the knowledge and/or agreement of the physician. This database represents information from insurers to date. STATE OF COLORADO

CASE NOS. 2014-4701-B, 2014-4431-B, 2015-4026-B

---

STIPULATION AND FINAL AGENCY ORDER

---

IN THE MATTER OF THE DISCIPLINARY PROCEEDING REGARDING THE  
LICENSE TO PRACTICE MEDICINE IN THE STATE OF COLORADO OF  
MICHAEL J. YUDEZ, D.O., LICENSE NUMBER DR-26232,

Respondent.

---

IT IS HEREBY STIPULATED and agreed by and between Inquiry Panel B  
("Panel") of the Colorado Medical Board ("Board") and Michael J. Yudez, D.O.  
("Respondent") (collectively, the "Parties") as follows:

**JURISDICTION AND CASE HISTORY**

1. Respondent was licensed to practice medicine in the state of Colorado on July 19, 1984 and was issued license number DR-26232, which Respondent has held continuously since that date.
2. The Panel and the Board have jurisdiction over Respondent and over the subject matter of this proceeding.
3. On April 16, 2015, the Panel reviewed case numbers 2014-4701-B and 2014-4431-B and determined that further proceedings by formal complaint were warranted pursuant to Section 12-36-118(4)(c)(IV), C.R.S. The Panel thereupon referred the matter to the Attorney General pursuant to Section 12-36-118(4)(c)(IV), C.R.S.
4. On December 17, 2015, the Panel reviewed case number 2015-4026-B and referred the matter to the Attorney General to be combined with case numbers 2014-4701-B and 2014-4431-B.
5. It is the intent of the parties and the purpose of this Stipulation and Final Agency Order ("Order") to provide for a settlement of all matters set forth in case numbers 2014-4701-B, 2014-4431-B, and 2015-4026-B without the necessity of conducting a formal disciplinary hearing. This Order constitutes the entire

agreement between the parties, and there are no other agreements or promises, written or oral, which modify, interpret, construe or affect this Order.

6. Respondent understands that:

a. Respondent has the right to be represented by an attorney of the Respondent's choice and Respondent is represented by counsel;

b. Respondent has the right to a formal complaint and disciplinary hearing pursuant to Sections 12-36-118(4)(c)(IV) and 12-36-118(5), C.R.S.;

c. By entering into this Order, Respondent is knowingly and voluntarily giving up the right to a formal complaint and disciplinary hearing and relieves the Panel of its burden of proving such facts;

d. Respondent is knowingly and voluntarily giving up the right to present a defense by oral and documentary evidence and to cross-examine witnesses who would testify on behalf of the Panel; and

e. Respondent is knowingly and voluntarily waiving the right to seek judicial review of this Order.

#### FACTUAL BASIS

7. The Respondent acknowledges and the Panel finds that, if the Panel were to prove the following facts at hearing, it would constitute a prima facie case of unprofessional conduct as defined in the Medical Practice Act, and would subject Respondent to discipline. Respondent denies the following allegations:

a. On June 17, 2005, the Panel and Respondent entered into a Stipulation for Interim Cessation of Practice. The parties agreed to stay a summary suspension in exchange for Respondent's agreement to suspend his practice temporarily.

b. Since June 21, 2007, Respondent has continuously been on probation, subject to restrictions and conditions on his practice of medicine pursuant to Board orders collectively addressing case numbers 2005-004048-B, 2006-00015-B, 2009-002580-B, 2012-5893-B, and 2013-2277-B, including a June 21, 2007 Stipulation and Final Agency Order, an October 20, 2011 Second Stipulation and Final Agency Order and an April 1, 2014 Third Stipulation and Final Agency Order. In addition to imposing probationary terms on Respondent, all three orders admonished him for unprofessional conduct.

c. In addition to other probationary terms, the 2014 order prohibited Respondent from prescribing, possessing, maintaining a supply of, administering, or dispensing any controlled substance or other habit forming drug for a minimum of five years from April 1, 2014.

d. In light of Respondent's August and November 2012 failures to successfully complete the ProBE Professional/Problem Based Ethics Program with an unconditionally passing assessment, as required by the 2011 order, the 2014 order required that Respondent complete the ProBE Plus course.

e. By letter dated June 13, 2014, the Board was informed by CPEP that Respondent had failed the ProBE Plus course.

f. In August 2014, Respondent provided medical care to Patients A, B, and C.

g. Respondent failed to meet the generally accepted standards of medical practice in his care and treatment of Patient A on or about August 8, 2014 by failing to perform a sufficient assessment and physical examination of Patient A and to order necessary laboratory tests under the clinical circumstances.

h. Respondent failed to make essential entries in Patient A's medical record for August 8, 2014 when he did not document a sufficient assessment and physical examination under the clinical circumstances.

i. Respondent failed to meet the generally accepted standards of medical practice in his care and treatment of Patient B on or about August 15, 2014 by failing to appropriately treat and prescribe and to conduct a sufficient physical examination under the clinical circumstances.

j. Respondent failed to make essential entries and made incorrect essential entries in Patient B's medical record for August 15, 2014 when he did not document a sufficient assessment and physical examination under the clinical circumstances and documented incorrect treatment and procedures.

k. Respondent failed to meet the generally accepted standards of medical practice in his care and treatment of Patient C on or about August 15, 2014 by continuing inappropriate treatment and by failing to order and review appropriate laboratory results under the clinical circumstances.

1. Respondent failed to make essential entries in Patient C's medical record for August 15, 2014 when he did not document a review of appropriate laboratory results or a consideration of the risks of the continued treatment under the clinical circumstances.

m. Between April 1, 2014 and July 1, 2015, while subject to the 2014 order's prescribing restriction, Respondent is the listed prescriber of controlled substances to multiple individuals.

8. Respondent admits and the Panel finds that the acts or omissions described in the factual basis above, if proven, constitute unprofessional conduct pursuant to Section 12-36-117(1)(p), (u), and (cc), C.R.S., which states:

(1) "Unprofessional conduct" as used in this article means:

(p) Any act or omission that fails to meet generally accepted standards of medical practice;

...

(u) Violation of any valid board order or any rule or regulation promulgated by the board in conformance with law;

...

(cc) Falsifying or repeatedly making incorrect essential entries or repeatedly failing to make essential entries on patient records[.]

9. Based upon the above, the parties stipulate that the terms of this Order are authorized by Section 12-36-118(5)(g)(III), C.R.S.

### RELINQUISHMENT OF LICENSE

10. Commencing on the effective date of this Order, Respondent's License in the State of Colorado is permanently relinquished. Respondent understands and acknowledges that he is permanently relinquishing a license to practice in Colorado. Respondent agrees not to apply for reactivation, reinstatement or issuance of a new license to practice medicine in Colorado at any time in the future.
