December 1, 2016

Mike Strickland, Pharmacist in Charge  
Buy-Rite Drugs  
401 Corsbie Street NW  
Hartselle, AL 35640

Dear Mr. Strickland,

On 10/05/2016 and 10/27/2016, the Alabama State Board of Pharmacy (ALBOP) performed a routine USP 795 & 797 inspection for Buy-Rite Drugs (AL # 101957). This letter is to report Buy-Rite Drugs is approved to continue sterile and non-sterile compounding within the regulations of USP 795 & 797 and the Alabama State Board of Pharmacy (ALBOP) **contingent on correcting deficiencies** observed during the inspection. The USP 797 sterile compounding inspection was completed by Investigator Todd Brooks and I completed the USP 795 portion. During the inspection several deficiencies were noted and require corrective action to achieve USP 795/797 standards and maintain ALBOP approval for non-sterile & sterile compounding.

Compounding Areas of Focus/Correction

1. The information on each Certificate of Analysis (COA) should be verified for completeness and quality. Each COA should be filed and maintained in compliance with USP, FDA and ALBOP requirements. **ALL Products must have a legitimate analysis** prior to being utilized in compounding. COAs indicating "for information purposes only" are not acceptable. Lack of an adequate COA will be considered a failure to ensure quality, strength and purity of the chosen compounding ingredient. Lack of documentation validating compendial standards is considered adulteration. Immediate Action Required
2. Extending Beyond Use Dating on sterile compounded product "lots" must be based on not only stability testing, but third party sterility and endotoxin testing. Extended BUDs based on external studies or journal articles are not sufficient due to variables in facilities, personnel, environment, processes, API, etc. Immediate Action Required

3. Multiple dose containers (such as compounded stock solutions) were possibly being drawn from for greater than 28 days past first manipulation. These multi-dose containers did not indicate initial entry date or expiration date. Immediate Action Required
4. Bi-annual environmental testing must identify ALL discovered microorganisms down to a genus level to detect highly pathogenic CFUs that require an immediate response regardless of whether action levels are exceeded. To be implemented going forward
5. ALL sterilization filters must be integrity tested (according to manufacturer guidelines) and recorded. Immediate Action Required
6. Documented policies/agreements between the facility and brokers used to obtain product for compounding purposes must be in place and understood by both parties. The broker should completely understand and be held to the facility's quality standards. To be implemented going forward
7. The pharmacy needs to develop a more comprehensive "complaint/compound failure" file. This file should contain any compound quality control issues reported by patient, compounder, analytics facility or other party involved with any process of a compounded product. Any failure should have a documented investigative process and a root cause analysis if necessary. To be implemented going forward

The inspection was pleasant and the staff was forthcoming and eager to assist. This inspection is meant to communicate the current expectations of the Alabama Board of Pharmacy and provide the safest and most efficacious products to the public. USP 800 has been published in its final form—it is not fully enforceable until July 2018 to give facilities time to be fully compliant with the chapter. Some states have proposed or adopted to enact USP 800 at an earlier date. Alabama expects hazardous compounders to be in compliance with the current USP 797/NIOSH and developing an action plan to evolve into USP 800 compliance by the enforcement date. I also want to remind you that USP 797 is under revision and drafted modifications do not supersede the current USP 797 until it is published in final form.

Further details may be found on the USP 795 inspection & USP 797 inspection forms provided to you.

Please feel free to contact Investigator Todd Brooks or me with any questions or concerns regarding the inspection or compounding.

All the Best,

Cristal Anderson, Pharm.D.  
Director of Compliance  
Alabama State Board of Pharmacy

Office of the  
**CORPORATION COMMISSION**

**CERTIFICATE OF GOOD STANDING**

To all to whom these presents shall come, greeting:

I, Ted Vogt, Executive Director of the Arizona Corporation Commission, do hereby certify that

**\*\*\*VERTISIS CUSTOM PHARMACY LLC\*\*\***

a domestic limited liability company organized under the laws of the State of Arizona, did organize on the 20th day of January 2016.

I further certify that according to the records of the Arizona Corporation Commission, as of the date set forth hereunder, the said limited liability company is not administratively dissolved for failure to comply with the provisions of A.R.S. section 29-601 et seq., the Arizona Limited Liability Company Act; and that the said limited liability company has not filed Articles of Termination as of the date of this certificate.

This certificate relates only to the legal existence of the above named entity as of the date issued. This certificate is not to be construed as an endorsement, recommendation, or notice of approval of the entity's condition or business activities and practices.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of the Arizona Corporation Commission. Done at Phoenix, the Capital, this 20th day of March, 2017, A. D.

A handwritten signature in black ink, appearing to read "Ted Vogt".
