To Whom It May Concern:

My name is Paul Yamamoto; I am the Vice President of Shared Services for Leiter's. I am a registered pharmacist licensed in California, Washington, Alabama, Idaho, Kentucky, Maryland, Michigan, Mississippi, Nebraska, Oklahoma, Oregon, Tennessee, Texas, and Virginia, all in good standing. My duties involve all that is required for the day to day management of our outsourcing facility. This includes problem solving, managing employees, systems and technologies. I handle complicated issues with patients and clients. I am involved in the hiring, scheduling, disciplining and payroll processing for all employees. I implement and maintain technological improvements and deal with regulatory affairs both locally and nationally.

In October of 2002 I plead no contest to violations of 11173(A) of the California Safety Code, and 487(B) of the California Penal Code in San Jose, California. They are currently listed as misdemeanor convictions of obtaining controlled substances by fraud and grand theft on my record. I had obtained controlled substances fraudulently from my employer for personal use. Before the criminal process had concluded, I entered the California Board of Pharmacy's Pharmacist Recovery Program. The Board of Pharmacy suspended my license during the court process then I was placed on probation. I have successfully completed treatment, the Pharmacist Recovery Program and all the terms of my probation. I have maintained my sobriety without incident to this day.

Though I was a practicing pharmacist during my probation and for several years after, my current duties do not require me to fill prescriptions, nor be in contact with controlled substances.

Please contact me if you need further clarification or have concerns.

Thank you,

Paul Yamamoto

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order which was stayed. If a petition to revoke probation or an accusation is filed against respondent during probation, the board shall have continuing jurisdiction and the period of probation shall be extended, until the petition to revoke probation or accusation is heard and decided.

If a respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over respondent, and probation shall automatically be extended until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty which was stayed.

- 17. **Completion of Probation.** Upon successful completion of probation, respondent's license will be fully restored.
- Mether to adopt this stipulation, the board may receive oral and written communication from its staff and the Attorney General's Office. Communications pursuant to this paragraph shall not disqualify the board or other persons from future participation in this or any other matter affecting respondent. In the event this settlement is not adopted by the board, the stipulation will not become effective and may not be used for any purpose, except this paragraph, which shall remain in effect.
- 19. **No Ownership of Premises**. Respondent shall not own, have any legal or beneficial interest in, or serve as a manager, administrator, member, officer, director, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board. Respondent shall sell or transfer any legal or beneficial interest in any entity licensed by the board within 90 days following the effective date of this decision and shall immediately thereafter provide written proof thereof to the board.

20. Rehabilitation Program - Pharmacists Recovery Program (PRP). Within 30 days of the effective date of this decision, respondent shall contact the Pharmacists Recovery Program for evaluation and shall successfully participate in and complete the treatment contract and any subsequent addendums as recommended and provided by the PRP and as approved by the board. The costs for PRP participation shall be borne by the respondent.

If respondent is currently enrolled in the PRP, said participation is now mandatory and is no longer considered a self-referral under Business and Professions Code section 4363, as of the effective date of this decision. Respondent shall successfully participate in and complete his or her current contract and any subsequent addendums with the PRP. Probation shall be automatically extended until respondent successfully completes his or her treatment contract. Any person terminated from the program shall be automatically suspended upon notice by the board. Respondent may not resume the practice of pharmacy until notified by the board in writing. The board shall retain jurisdiction to institute action to terminate probation for any violation of this term.

- 21. Random Drug Screening. Respondent, at his or her own expense, shall participate in random testing, including but not limited to biological fluid testing (urine, blood), Breathalyzer, hair follicle testing, or a drug screening program approved by the board. The length of time shall be for the entire probation period and the frequency of testing will be determined by the board. At all times respondent shall fully cooperate with the board, and shall, when directed, submit to such tests and samples for the detection of alcohol, narcotics, hypnotics, dangerous drugs or other controlled substances. Failure to submit to testing as directed shall constitute a violation of probation. Any confirmed positive drug test shall result in the immediate suspension of practice by respondent and reinstatement of the revocation of respondent's pharmacists license.
- 22. **Abstain From Drugs and Alcohol Use.** Respondent shall completely abstain from the possession or use of alcohol, controlled substances, dangerous drugs and their associated paraphernalia except when the drugs are lawfully prescribed by a licensed practitioner as part of a documented medical treatment. Upon request of the board, respondent shall provide

 documentation from the licensed practitioner that the prescription was legitimately issued and is a necessary part of the treatment of the respondent.

23. Supervised Practice. Respondent shall practice only under the supervision of a pharmacist not on probation with the board. Respondent shall not practice until the supervisor is approved by the board. The supervision shall be, as required by the board, either:

Continuous - 75% to 100% of a work week

Substantial - At least 50% of a work week

Partial - At least 25% of a work week

Daily Review - Supervisor's review of probationer's daily activities within 24 hours

Within 30 days of the effective date of this decision, respondent shall have his or her supervisor submit notification to the board in writing stating the supervisor has read the decision in case number 2404 and is familiar with the level of supervision as determined by the board.

If respondent changes employment, respondent shall have his or her new supervisor, within 15 days after employment commences, submit notification to the board in writing stating the direct supervisor and pharmacist-in-charge have read the decision in case number 2404 and is familiar with the level of supervision as determined by the board.

Within 10 days of leaving employment, respondent shall notify the board in writing.

- No Supervision. Respondent shall not supervise any ancillary personnel, including, but not limited to, registered pharmacy technicians or exemptees, of any entity licensed by the board without the express authorization of his supervisor.
- 25. No Access to Controlled Substances. Respondent shall not order, possess, dispense or otherwise have access to any controlled substance(s) in Schedule II, III, IV or V (Health and Safety Code sections 11055-11058 inclusive) without the express authorization of his supervisor.
